### Final Jeopardy:

#### Postcard 1

OMG! I am having an amazing time in New York!  
I have visited beautiful lakes and gorgeous  
mountains. We then went to the south and rode on  
the subway which cuts right under the city! We went  
to Ellis Island today and learned all about how New  
York has such a diverse population because about  
twenty-five million immigrants entered the United  
States from here. Wish you were here!

---

---

Underline an example of the theme movement in the above postcard. Explain how that example supports movement.

An example of the theme movement from the postcard would be immigration. People immigrated to the United States from all over the world. Ellis Island is where people would first go when they got to the United States. The theme movement includes the movement of people, ideas, and goods. When people move, they also bring new ideas to new places.
