

# Judge Feedback

Judge:

---

## Directions:

1. Please circulate among the projects keeping in mind it would be helpful to the students if no more than TWO judges were at a table at a time
1. The students are expected to shake hands, introduce themselves and make eye contact with you upon entering their project space.
1. Feedback is very useful for the students as this is an important first step as we prepare for presentations down the road this year.
1. If possible, try to get to all the presentations so you are better able to nominate winners for the criteria listed in #5.
1. At the end, you will be asked to nominate a winner in the following categories:
  - a. Best Business Card
  - b. Best Food Truck Design
  - c. Best Trifold
  - d. Best Menu Design
  - e. Best Overall Presentation
  - f. Best Community Involvement

We thank you for your time and feedback today!

# Notes to myself:
