# ACADEMICS

## GRADUATION REQUIREMENTS

In addition to the required courses listed below, students must complete a culminating project and score at a proficient level or better on the Keystone Exams in Algebra I, Biology, & Literature. Students not scoring at a proficient level or better on the Keystone Exams must demonstrate proficiency through an alternate pathway as set forth in Act 158.

CREDITS	SUBJECTS
4.0	Language Arts
4.0	Social Studies
3.0 (4 recommended)	Mathematics
3.0 (4 recommended)	Science
1.0	Arts & Humanities
1.0	Health
1.0	Physical Education
0.5	Family Consumer Science
1.0	Foreign Language
1.0	Computer Applications/Technology
5.0	Electives
24.5 TOTAL	

Students must fulfill five basic requirements for graduation:

1. Obtain a minimum of 24.5 credits
2. Pass all required courses.
3. May not have more than 1.5 credits of failure on their records.
4. Successfully complete the graduation project.
5. Score at a proficient level or better on the Pennsylvania Keystone Exams or demonstrate proficiency through an alternate pathway.

## GRADING

Scholastic grades are based upon test results, homework, projects, participation, etc. as determined by the individual classroom teacher. The basic guideline for daily grades in all classes is as follows:

A + = 96.50 to 100	B = 82.50 to 86.49	C- = 69.50 to 72.49
A = 92.50 to 96.49	B - = 79.50 to 82.49	D + = 66.50 to 69.49
A - = 89.50 to 92.49	C + = 76.50 to 79.49	D = 62.50 to 66.49
B + = 86.50 to 89.49	C = 72.50 to 76.49	D - = 59.50 to 62.49
		F = 0 to 59.49

In determining the final course grade, the percentage for each nine (9) weeks will be multiplied by two and added to the percentage of the final exam. These scores will then be divided by nine (9) for the average grade. If no final exam is given in the course, the nine (9) weeks percentages are simply added and divided by four (4).

## CLASS RANK

Class rank reflects a student's position in a graduating class as compared with other classmates. When calculating a weighted GPA for class rank, the letter grade is multiplied by the credit of that class and then multiplied by the weight of each class. The sum is then divided by the total number of credits.

A + 4.3	B + 3.3	C + 2.3	D + 1.3	F 0
A 4.0	B 3.0	C 2.0	D 1.0	
A - 3.7	B - 2.7	C - 1.7	D - 0.7	

## COURSE WEIGHT

All courses NOT listed below will receive a value of 1.0 when calculating a weighted grade point average.

1. The courses of transfer students will be given the weight of the corresponding courses listed within the Mercer Middle-High School Academic Handbook. If a course/courses does not appear in the Mercer Middle-High School Academic Handbook, the grade, credit, & weight for the completed coursework will be calculated using the information provided by the previous school district/institution to best reflect the grading scale, credit, & weight listed within the Mercer Middle-High School Academic Handbook.
2. A weighted grade point average is used to determine class rank and National Honor Society.

## **FAILURES**

Any student receiving three (3) F's during any of the marking periods of a yearlong course will automatically fail that particular course. Likewise, any student receiving F's during the third and fourth marking periods of a yearlong course will fail the course. Students shall not have more than 1.5 credits of failure on their transcripts at graduation.

## **GRADUATION HONORS**

Graduation honors are bestowed upon the graduating members of the National Honor Society.

## **HONOR ROLL**

Students attaining an unweighted grade point average of 3.50 or higher will be designated as honor roll students and will be recognized by having their names prominently displayed in the honor roll display case outside the main office. To be eligible, a student may not acquire an "F" grade in any of their courses.

Those students earning the status of High Honor Roll during the first three (3) consecutive report periods in a given year will be further recognized at the end of the school year. All courses will count toward the honor roll calculations.

## **NATIONAL HONOR SOCIETY**

To be eligible for membership as a junior, a student must have a cumulative weighted average of 3.80 for grades 9, 10 and the first semester of their junior year. A senior must have and maintain a cumulative weighted average of 3.80 for grades 9, 10, 11, and the first semester of their senior year. Additionally, each student must be enrolled in and maintain two (2) weighted classes (college courses would be considered weighted classes) each year of eligibility. Students must also demonstrate outstanding performance in the four (4) criteria of scholarship, leadership, service, and character.

## **NATIONAL JUNIOR HONOR SOCIETY**

Students in grades 7 and 8 are eligible after the third marking period of the year they are to be considered for membership. Any student in grades 7 and 8 must maintain a 3.80 grade point average through the first three (3) marking periods. Students must also demonstrate outstanding performance in the four (4) criteria of scholarship, leadership, service, and character.

## **ACADEMIC INTEGRITY**

Students caught cheating; plagiarizing; copying homework, tests, or quizzes; removing testing materials from a classroom without permission; or using a paper from the Internet or written by AI will be given a zero (0) on that assignment and will receive a consequence (after-school detention, Saturday detention, and/or suspension) based upon the level of the infraction. In addition, their name may be reported to the office and filed in the event of future violations. Repeated violation could result in removal from class, a non-passing grade, and/or a discipline hearing.

## **ACADEMIC ELIGIBILITY: STANDARDS TO PARTICIPATE IN STUDENT ACTIVITIES**

All students are expected to achieve these minimal eligibility standards in order to participate in extra-curricular activities.

1. Extra-curricular activities will include those activities that occur outside of the school day and are not directly related to grades, curriculum, and IEP specified programs.
2. Part-time students (i.e., medical reasons, college course work) must meet a four (4) credit standard instead of the five (5) credit standard.
3. Incomplete grades will be treated as an "F", unless the incomplete reflects a major project that would lead to failure for the year. In this case, the student will be ineligible regardless of credits.
4. Each participant in grades 7-12 must receive a passing grade in four (4) major subjects and a total of five (5) credits. Eligibility shall be cumulative from the beginning of a grading period and be reported to the principal's office on Friday each week. When school is closed on a Friday, the principal will determine whether the student, as of that day, meets the minimum academic standards.
5. In order to be eligible at the beginning of a grading period, each participant must have passed at least four (4) major subjects and a total of five (5) credits during the previous grading periods. In cases where a student does not meet the standards from a proceeding grading period, the student shall be ineligible to participate for a minimum of 15 school days of the next grading period.
6. Students with outstanding financial school debts will not be permitted to participate in any extra-curricular activity until the debts are paid.

## **SENIOR PROJECT**

Each student is required to complete a culminating project. The project will include a minimum 20 hours of community service, a minimum of 5 hours of job/career shadowing, a thank you letter for both of these experiences, a sample resume, and a final interview with a professional committee to examine a student's knowledge, understanding, and communication skills as defined by this project. Details of this project are presented in the spring of a student's 10th grade year and are in the Administrative Policy through the main office. Any student who does not complete all elements of the senior project by the interview date in February of his/her senior year may not be eligible to graduate. Any student who is not prepared by the February due date will be scheduled to present his/her project to an interview committee in May. Students who have not completed their project by May will not be able to participate in the Graduation Ceremony. These students will be given a final opportunity to receive a diploma by completing their final project by June.

## **PROGRESS REPORTS**

The parents/legal guardians are notified by mail of their child's scholastic achievement. On progress reports, the teachers state the reasons for the student's satisfactory or unsatisfactory progress. Progress reports for students in grades 7-12 will be mailed at the mid-point of each marking period for grades of 62.49% (D-) or lower.

Parents/legal guardians who have questions or desire a teacher conference should call the guidance department at 724-662-2272, ext. 20.

## FINAL EXAMS

1. Final examinations are given in English, Social Studies, Mathematics, and Science classes.
2. No other tests or quizzes will be given during these four days.
3. All other courses' exams are at the discretion of the instructor.

## PROMOTION/RETENTION

Each student performing successfully accomplishes the academic promotion to the next grade level. Each student is to perform schoolwork related to individual ability and achievement expectancies. Satisfactory or better performance is based on evaluation of assignments, participation, and tests in the classroom. Attendance, attitude, and behavior are additional personal indicators, which affect classroom performance. The Mercer Area Board of Directors established the following guidelines:

1. A student should spend no more than two years each in grades 7 and/or 8. If a student fails grade 7 or 8 for a second consecutive year, an administrative committee will determine promotion into the next grade level.
2. Sequential levels of a course shall be passed before a student can be moved from one level to the next.
3. A student may not accrue more than 1.5 credits in failures in grades 9-12. A student should attempt to remove a failure when possible.

In essence, students bear the responsibility for graduation requirements. For school purposes, a student will progress clerically with a homeroom but may not have successfully completed all courses to date. A student will not fail a particular grade but must meet all graduation requirements. Therefore, it would be possible for a student to be in a senior homeroom but not be able to comply with the graduation requirements by the end of the senior year.

## REPORT CARDS

Report cards are issued four (4) times during the school year. Homeroom teachers will distribute the report cards. Only the final report card at the end of the school year is mailed to parents. The report card lists all courses taken by the student. Beside each course is listed the letter grade and coded comment. Attendance record is printed at the bottom of the card.

Comment Codes for the report cards include:

#1	1-4 Classes missed	#14	Not working to capacity

P: Passing Pass/Fail Course

NP: Failure in Pass/Fail Course

## **APPEAL OF GRADE**

The teacher is the primary evaluator of all coursework. If you wish to appeal a course grade, please contact the school counseling office to schedule a parent/teacher conference.

## **SUMMER SCHOOL**

Summer school guidelines:

1. Correspondence courses/Internet courses may be acceptable through prior administrative approval.
2. Failures remain on the permanent record while the summer school grade is added, and both will be used to calculate GPA.
3. In order to participate in summer school and receive a grade, a student must complete the course in its entirety.

## **INCOMPLETE WORK/MAKE UP WORK POLICY**

Students are required to make up all missed work within a maximum of one (1) school week (5 days) after returning from any absence. This includes students on a pre-approved trip of more than one (1) day. Teachers may require student's makeup work within a like number of days for any absence (i.e., two days absent – two days to complete the missed work). If a student is absent on the day of a scheduled assessment they will be required to complete that assessment on the day he/she returns to school unless other arrangements are made with the teacher.

\* Refer to page 48 – Requesting Homework & to page 42 – Field Trips

Work that is requested and picked up/sent home due to an absence must be completed and turned in upon returning to school.

An incomplete “I” will be given for any required course work not made up within the designated time limit. However, the student is still required to complete the required work in order to pass the course.

Those students who have not completed the required work during a marking period will be given an “F” grade for that marking period. Additionally, a comment indicating “Incomplete Work” will be printed on the student's report card.

The student will receive a similar grade and comment in each of the succeeding marking periods until the required work has been satisfactorily completed. Only those students absent during the end of the marking period will be given a grade of “Incomplete”. This will occur only when the marking period expires before the student returns to school or insufficient time is left in the marking period to complete the work. Students are encouraged to check with teachers prior to absences, if possible, to determine what class work will be missed.

## **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**

The Family Educational Rights and Privacy Act (FERPA) is a Federal Law that protects the privacy of the student's education record. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Schools may disclose, without consent, "directory" information such as a student telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letters, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

\* See Pg. 48 – Student Directory Information Opt-Out Policy

## **STANDARDIZED TESTING/ACT 158 (PSSA & KEYSTONE EXAMS)**

The annual Pennsylvania System of School Assessment (PSSA) is a standards-based, criterion-referenced assessment used to measure a student's attainment of the academic standards while also determining the degree to which school programs enable students to attain proficiency of the standards. Every Pennsylvania student in grades 3 through 8 is assessed in English/Language Arts and Mathematics. Every Pennsylvania student in grades 5 & 8 is assessed in Science.

The Keystone Exams are end-of-course assessments designed to evaluate proficiency in academic content. Students must demonstrate proficiency on the Algebra I, Literature, & Biology Keystone Exams in order to graduate. Students will be offered multiple opportunities (winter and spring testing sessions) to take the Keystone Exams throughout their high school careers.

Act 158, signed into law by Governor Tom Wolf on October 24, 2018, provides alternatives to Pennsylvania's statewide requirement of attaining proficiency on the three end-of-course Keystone Exams (Algebra I, Literature, and Biology) for a student to achieve statewide graduation requirements. Effective with the graduating class of 2023, students have the option to demonstrate postsecondary preparedness through one of four additional pathways that more fully illustrate college, career, and community readiness. Keystone Exams will continue as the statewide assessment Pennsylvania uses to comply with accountability requirements set forth in the federal Every Student Succeeds Act (ESSA). Although students will no longer be required to achieve proficiency on the Keystone Exams to meet the statewide graduation requirement, students must take the Keystone Exams for purposes of federal accountability.

## CODE OF CONDUCT FOR TEST TAKERS

Expectations for students that take the PSSA or Keystone Exam are as follows:

### DO:

- Get a good night's sleep.
- Eat a good breakfast.
- Listen to, read, and follow all directions given.
- Ask questions if you do not understand the directions.
- Read each question carefully, especially multiple-choice items that ask for the "best answers." Also, be sure to read any open-ended items and writing prompts carefully before responding.
- Be careful when marking your answers so that you do not skip spaces or fill in the wrong sections.
- Make sure to completely fill in the bubble for the answer(s) you select and erase completely any answers you change.
- Keep your eyes on your own test.
- Try to answer each test item.
- Check that you have completed all of the test items in the test section before closing your test booklet or submitting your final responses online.
- Report any suspected cheating to your teacher or principal.

### DO NOT:

- Have notes in your possession during the test.
- Bring any electronic devices (i.e. cell phones, smartphones, smartwatches, etc.) in your possession during the test. Note, you may have approved calculators, if applicable, during the test.
- Share a calculator with others.
- Use the bubbles in the answer booklet or either eliminate possible incorrect answers or possible correct answers by making marks in multiple bubbles and erasing. Mark only the bubble for the correct answer(s) you have chosen.
- Talk with others about questions on the test during or after the test. (Students should be assured that they may discuss the testing process or issues of concern with their parents/guardians.)
- Take notes about the test to share with others.
- Leave an online test session until the session is complete or until instructed to do so.
- Use social media to post information about the test and/or test items.

### Pennsylvania Calculator Policy

If a student chooses to use a calculator (other than the online options) on the Keystone Exams or PSSA in sections where the calculator is permitted, the student must adhere to the guidelines listed below. It is incumbent upon the School Test Coordinator to ensure all calculator policies are implemented and followed, including making sure calculators have no programs stored in their memory other than those that are factory installed. Please note that if a student wants to restore the deleted programs, the students will need to back up these programs prior to the assessment. In addition, the memory must be cleared on the calculator following each test session of the assessment.

The following are examples of devices that are not permitted for the PSSA or Keystone Exams:

- Devices that have a primary purpose other than functioning as a calculator such as cell phones, smartphones, smartwatches, PDAs, laptops, tablets, pocket organizers, etc.
- Calculators with infrared, Wi-Fi, Bluetooth, or other beaming or wireless capabilities, unless the

beaming or wireless capabilities are disabled.

- Calculators with built in Computer Algebra Systems (CAS).
- Calculators that make noise, have paper tape, need to be plugged in, or talk; these specific calculators can only be used as a required accommodation as stated in the Accommodations Guidelines.
- Calculators shared by students during a test session.
- Any and all non-factory (add-on) programs or information stored in the calculator.

The Calculator Policy is intended to be a general description of what is not allowed. It is not meant to be an exhaustive list of specific calculators, devices, or technologies that must not be used on the PSSA or Keystone Exams. Please note as technology changes, this policy may also change.

For additional information regarding the PSSA or Keystone Exams please contact the middle-high school office or visit the Pennsylvania Department of Education website (<https://www.education.pa.gov>).

## **ATTENDANCE**

### **STATE LAW**

State Law requires that all children between the ages of six (6) years, until the age of eighteen (18) years attend school regularly. Regular attendance is necessary and conducive to the educational development of children. Irregular attendance greatly affects the progress of the student. Pupils are expected to be in school, on time, unless prevented by the following:

- Illness, medical or dental appointments

- Quarantine

- Death in the immediate family

- Impassable roads

- Excused on an emergency permit by the principal

- Exceptionally urgent reasons

- Court subpoena

- Attend a religious activity/function; such absence may be waived by the principal (upon written parental request)

The school principal may require a physician's excuse for each period of absence if:

- A persistent, systematic pattern of absence has been established (i.e. every Monday, or once each week).

- More than 25 days of absence recorded in the prior school year.

- In excess of 10 days recorded during the current school term.

The following are examples of typically unexcused absences:

- Visiting

- Away from home

- At the fair/Amusement Park

- Driver's examination - without appointment

- Baby-sitting

- Hunting/fishing/golfing

- Shopping

- Missed bus

- Overslept

- College visits - with no prior approval

\*Any unexcused absence may be judged a truancy violation based on the nature of the absence, which will be based on administrative discretion.

## **CLOSING OF SCHOOL**

In the event weather forces to close school for a day, announcements will be made over radio & television stations by 7:00 a.m.:

Close of school will also be announced on the Mercer Area School District website: [www.mercer.k12.pa.us](http://www.mercer.k12.pa.us)

Mercer Area School District offers both text & email alerts to parents via Blackboard Connect. These alerts will be provided in addition to regular TV & radio notices. Contact information that is within the Infinite Campus Student Information System will be used to send out messages to families.

Information on the mass notification system can be found on the Mercer Area School District website ([www.mercer.k12.pa.us](http://www.mercer.k12.pa.us)) under the “Family & Community – Parent Quick Links – School Notification Program”.

## **ABSENCE PROCEDURES**

Failure to comply with attendance procedures will result in disciplinary measures:

1. The parent/legal guardian must call Mrs. Roman, Attendance Secretary, at 724-662-5104 extension 16 before 9:00 a.m. to report the student’s absence. Mrs. Roman will make daily, reasonable efforts to contact all homes that do not comply with the required call.

A digital absence may also be submitted using the school district website ([www.mercer.k12.pa.us](http://www.mercer.k12.pa.us)). To access this feature,

- Click on the Middle-High School Tab
  - Click on the Report Absence Tab which will open up a fillable document
  - When finished, click Done which will submit to the Middle-High School Office.
2. Upon returning to school, all students turn in a completed excuse card signed by the student’s parents or legal guardian into the main office. The validity of an excuse rests with the principal.
  3. Failure to return an excuse card after five (5) school days will ultimately result in the student being given an illegal or unexcused absence. Mrs. Roman will inform the student’s teachers of all illegal or unexcused absences. Students are not permitted to make up any work from an illegal or unexcused absence.
  4. Mrs. Roman, Attendance Secretary, will communicate directly with parent/legal guardian of any student absent beginning with ten (10) days or more during the school year.
  5. Family Vacation: Parent/legal guardian and students are strongly encouraged to schedule family vacations at such a time as not to interfere with the regularly adopted school calendar. For the purposes of this policy, a family vacation is defined as a vacation where the student participates with one (1) or more of his/her parents/legal guardian. If there is no alternative to a family scheduled vacation during the time school is in session, the school will make every effort to cooperate.

\*Absence due to family vacation will be honored.

- A. If requested in writing by a parent or legal guardian at least two (2) weeks in advance.
- B. If the student has not already exceeded the 30 day yearly limit for absence without medical verification.
- C. The student must have all assigned work completed upon the 1st day returning from a pre-approved trip. Any assessments must be completed on the day of return unless other arrangements are made with the teachers.
- D. The trip must have educational merit.

## **TARDINESS/HALF DAY-FULL DAY ABSENCES**

Absences from school will be classified as follows:

Tardy is a late arrival between: 8:00 a.m. to 10:21 a.m.

- School officials establish if a tardy is excused or unexcused.
- Unexcused tardies include car troubles, alarm failed, overslept, friend forgot to pick me up.
- Students who choose to not ride the bus also must accept the responsibility of being here on time. Since bus transportation is provided, your car cannot be your excuse.

Half-day absence (morning): A student is considered “half-day absent” if they arrive after 10:20 a.m. (beginning of 4th period).

\* Refer to page 32 – Late to School (Discipline Process)

## **CLASS ADMISSIONS**

Students reporting late to class must secure a pass from the previous teacher if they were legitimately detained. Without such a pass, the student will be liable for after-school detention. The office will not issue passes for readmission to class except for special instances: school discipline, conference, and after-school detention.

## **EARLY DISMISSALS/LEAVING SCHOOL GROUNDS**

If it is necessary for a student to leave school early, **a written request signed by a parent/legal guardian** must be presented to Mrs. Roman, Attendance Secretary, before first period begins. Any early dismissal notification received after 8:00 a.m. may not be approved. Students are permitted five (5) early dismissals per school year for medical, dental, or legal reasons, along with other extenuating circumstances approved by a principal. If the request is approved, the student will receive an early dismissal slip stating the time excused. The student must present this slip to the teacher of the class involved before reporting to the main office. All students must have a parent/legal guardian sign them in or out at the greeter’s office prior to departing from or returning to school. Students entering or leaving the building during the school hours must sign in & sign out at the main entrance.

## **TRUANCY**

Any student under the age of eighteen (18) years shall be prosecuted under the law for the unexcused absence of more than three (3) school days. Class cuts, tardiness, and full day absences shall be counted as violations under the law. If a student’s absence is ruled unexcused, the student will be considered truant and will not be permitted to make up missed work, including quizzes, tests, projects, papers, etc.

Any student accumulating more than three (3) days of unlawful absence may be subject to the district’s truancy procedures. Parents will receive a letter in the mail and/or email notifying them of unlawful absences when the student reaches three (3) days. If necessary, additional truancy letters may be sent to parents/guardians. If a student continues to accrue unlawful absences, further actions may be taken following the district’s truancy procedures. These actions may include but are not limited to: required doctor’s excuses for illness, truancy elimination plans through a Student Attendance Improvement Conference (SAIC), referral to the Student Assistance Program (SAP),

referral to Children and Youth Services (CYS) or other social services, and/or filing truancy charges through the district magistrate.

A Student Attendance Improvement Conference may be scheduled with parent/guardian if the child accumulates ten (10) or more total absences during the school year. Once a student reaches ten (10) days of absence, the principal may require doctor's excuses for any absence thereafter.

### **CAREER CENTER ATTENDANCE PROCEDURES**

Note the following procedures for students who attend the Career Center:

1. Students must notify the high school's main office on a daily basis (attendance record) if they choose not to utilize the district's transportation.
2. Bring your request for early dismissal to the main office.
3. When you arrive at the Career Center, present your early dismissal form to the main office.
4. All medical excuses require appointment cards or other proof of treatment.
5. Permits to drive on days of early dismissal from the Career Center must be obtained in advance at the Career Center's and in the high school's office.
6. Students who miss the bus to the Career Center will be given a warning – 1st time; after-school detention – 2 (two) or more times.

### **STUDENTS – 18 YEARS OF AGE: SIGNING ABSENTEE EXCUSES/15TH DAY OF ABSENCE**

The division of Child Accounting Department of Education, Harrisburg, has indicated that an eighteen-year-old (18) student is no different than other students and is required to have his/her parent or legal guardian sign excuses, unless emancipated. Emancipation must be proven to the school, requires a notarized statement from the parents absolving them of all legal responsibility or proof of a change of address (voter registration, license, etc.). Marriage for an eighteen-year-old (18) is not, in itself, a criterion for emancipation if the student is living with the parents of the eighteen-year-old (18). An eighteen-year-old (18) is required to follow the attendance rules of the school. The only time an eighteen-year-old (18) is treated differently is when there is a specific law, such as the privilege of voting. In addition, students beyond the compulsory attendance age (18 years +) who reach their 15th day of absence with three (3) unexcused absences may be required to appear before the Mercer Area School Board Discipline Committee for a review of their attendance record. The discipline committee will submit to the full board recommendations for action, which may include probation, suspension, or expulsion. State guidelines provide the school with the right to require a doctor's excuse for all subsequent absences. Students may not be permitted to make up work following return to class if they do not abide by this policy.

### **EXCESSIVE ABSENCE NOTIFICATION LETTER/PROCEDURE**

A letter and/or email will be sent to the parent/legal guardian on the tenth (10th) occasion of a student's absence. The purpose of the letter is to inquire about the student's condition of health. In obvious instances such as hospitalization, confined illness, and similar situations, this practice will be disregarded. Please note the following:

1. If a student incurs ten (10) occasions of absence without the parent contacting the school to discuss the situation, the school will take appropriate action according to guidelines established by the Mercer Area School Board.

2. Any student who is absent from a full credit course missing thirty or more (30+) class periods may not be given credit for that course. Course instructor will notify the office when a student has received the 15th absence.
3. Any student who is absent from a half credit course missing fifteen or more (15+) class periods may not be given credit for that course. Course instructors will notify the office when a student has received the 10th absence.
4. If a student is still within compulsory age (6 to 18 years of age):
  - a. When the third (3rd) illegal absence is recorded for a student, a letter will be sent to the parent/legal guardian outlining the procedures that will be followed should there be any additional illegal absences during the school year (see Pg. 18 – Truancy).

#### **Additional Guidelines**

- Absences that are a result of school-sponsored activities will not be included in the number of missed classes a student incurs.
- A case-by-case review will take place by the administration.
- If necessary, a school board hearing will take place for students with high levels of absences from individual classes.

### **WITHDRAWAL FROM SCHOOL**

State law requires attendance of each student between the ages of six (6) and eighteen (18). It is in the best interest of both the students and the community that students complete the educational program that will equip them with skills and increase their chances for a successful and fulfilling life beyond school. Whenever a student wishes to withdraw from school, efforts will be made to determine the underlying reason for such action, and the resources of the district will be used to assist the student in reaching his/her career goals. No student of compulsory school age will be permitted to withdraw from school without the written consent of a parent and other justification. Parent or guardian of students who are beyond compulsory school age will be notified prior to approval for withdrawal from school.

### **ATTENDANCE ELIGIBILITY: STANDARDS TO PARTICIPATE IN STUDENT ACTIVITIES**

Students participating in student activities are expected to follow the attendance regulations:

1. Participants in student organizations and activities must be in the school by 8:30 a.m. and remain in school or they are not permitted to participate or attend after-school activities.
2. A pupil who has been absent from school during a semester a total of twenty (20) or more schools days shall not be eligible to participate in any extra-curricular events until he/she has been in attendance a total of sixty (60) school days following the twentieth (20) day of absence, except where there is a consecutive absence of five (5) or more school days due to confining injury, illness, death in the immediate family, court subpoena, quarantine, or to attend a religious activity/function. Such absence may be waived by the principal.
3. A student who reaches ten (10) days of unexcused absence during a semester shall not be eligible for ten (10) consecutive school days to participate in extra-curricular activities unless he/she meets exemption in item two (2).
4. Any time a student misses a class for any activity, he/she must meet the minimum standards for eligibility.
5. Students that attend field trips must receive a passing grade in four (4) major subjects and a total of five (5) credits. Eligibility shall be calculated one (1) week prior to the field trip.
6. Students who cut class may be ineligible for field trips for one (1) year from the date of the infraction. Exception applies where teacher requires participation due to curriculum, grades, or IEP requirements.

## **STUDENT BEHAVIOR**

The Mercer Area School District established reasonable rules and regulations it deems necessary and proper. The focus is on excellence, the demand is for accountability, and the means to achieve these ends and to set standards to prevent incidents that interfere with the educational process. The student behavior policy was developed as part of the program to raise academic and behavior standards in the school. A student attends school for the primary purpose of gaining knowledge; therefore, students are expected to work to the limit of their individual abilities.

As defined by state law, court decisions, and rules of the Mercer Area School Board of Directors:

- Obey the rules and regulations of the Mercer Area Middle-High School.
- Take the required course of study.
- Respect the authority of all staff members in the school.
- Do not deface, damage, or destroy school property such as walls, books, desks, benches, flags, light poles, communication boards, vending machines, etc. Please refrain from littering the building or grounds of our school.
- Students are not permitted to have food of any kind in any area other than the cafeteria, including hallways and lockers. (Students are permitted to carry water bottles containing water only throughout the school day)
- Display proper conduct to and from school, on school grounds, in school buses and at all school functions.

- Do not use abusive, obscene, profane, or disrespectful language, writing or gestures on school grounds, in school vehicles and at all school functions.
- Students will not be permitted to disrupt or impede the learning of other students within the classroom.
- Students involved with pushing, shoving, hazing, harassing and/or wrestling with any other student(s) or teaching staff will be considered to be exhibiting disorderly conduct.
- During the school day, a student may not leave the school grounds except by special permission from the office. Students, who do not ride the bus, yet are out of their assigned Advisory classroom between 3:09 p.m. and 3:15 p.m. will be subject to disciplinary action.
- Do not use classroom telephones, televisions, and/or computers without teacher's permission/supervision.
- Skateboarding, rollerblading, throwing snowballs, and purposefully sliding on icy sidewalks are not permitted on school property.
- Be diligent in study. To be diligent in study, a student shall:
  - a. Complete all assigned work on time
  - b. Pay strict attention to the teacher at all times
  - c. Exhibit good citizenship at all times
  - d. Do that caliber of work consistent with ability and grade level
  - e. Cooperate with teachers and other student

## **ELECTRONIC DEVICE POLICY \*updated for 2024-2025**

- **For grades 9 - 12:** The middle-high school has an acceptable use policy for electronic devices. Normal cellular phone use and the use of other similar devices (Tablets, Smartwatches, Ipods, E-Readers/Kindles, CD players, headphones, earbuds, etc.) are prohibited in school from 7:45 a.m. - 3:15 p.m. Cell phone use is permitted during fifth period lunch (11:05 a.m. – 11:35 a.m. for students in grades 10-12). Cell phones and other electronic devices **must be turned off and out of sight** at all other times during the school day.
- **For students in grades 7-8:** When students arrive prior to entering their first period class, their cell phones must be turned off and placed into an assigned slot in a locked locker in the middle school wing. The phone will remain in the locked locker throughout the day. At the end of the day (or upon the student's dismissal), prior to boarding buses or going to extra-curricular activities, students may retrieve their cell phones from the locker. This process will be monitored by staff members. If a student is found in possession of a cell phone during the school day, it will be confiscated and the student will be subject to disciplinary consequences. Students are advised to leave their personal electronic devices at home. Failure to comply with the outlined procedures will result in disciplinary action.
- Students are not permitted to take pictures or videos in school without the permission of a teacher or the administration due to a violation of others' right to privacy. Any picture or video taken without permission will result in a cell phone policy violation, confiscation of the device and deletion of the picture or video. Unauthorized posting of pictures and video/audio recordings to the internet is punishable by law. Use of any type of cameras in a locker room or restroom is strictly prohibited.
- The prohibition of cell phone use is extended to 4:15 p.m. for those students serving after-school detention. Devices such as pagers, laser pens, skateboards, toys, or other distracting devices not related to the curriculum are strictly prohibited at all times.
- If a cellular phone or other electronic device is turned into the office during the school day, a parent/guardian will be notified and arrangements will be made to pick it up during school hours.
  - i. 1st Violation – one (1) after school detention, phone will remain in office until dismissal
  - ii. 2nd Violation - one (1) Saturday detention, phone will remain in office until dismissal
  - iii. 3rd Violation – Student must turn their cell phone into the office each morning for the remainder of the marking period.
- The responsibility of bringing any of these items against school policy is that of the parent/guardian and child. If these articles are lost, damaged, or stolen, the school will not take responsibility. Academic time will not be used to search for these articles if they are lost or stolen. Furthermore, the school will not pay for any replacements or damage in any situation.

- Students that need to contact their parents/guardians should report to the main office to use the phone. Contacting a parent/guardian by using a cell phone without permission will be considered a violation of the cell phone policy.
- Student use of a cellular phone on a school bus or school vehicle while riding to and from school during the school day is prohibited. Violations will be reported to the middle-high school administration.

Cases of misconduct will necessitate investigation and necessary corrective measures will be taken, including conferences with parents, teachers, counselor, psychologist, administration, board disciplinary committee and others. Each case of misconduct will be handled on an individual basis.

A complete record of attendance, grades, incidents of misbehavior, and corrective measures shall be kept on each student, including suspensions and parental conferences.

When a case has reached a point where all means of correction have failed and allowing the student to stay in school would not benefit the student or would be harmful to the school or its student body, it shall be brought before the board disciplinary committee and reviewed by the Board of Education with recommendation of a determined disciplinary action.

The administration and faculty committees, including suggestions from parents and students, have formulated guidelines for student behavior and discipline. These guidelines have been approved by the Board of Education and have become policy for the faculty, parents, and student body.

### **FIREARMS/WEAPONS/DANGEROUS INSTRUMENTS**

Any student who carries a weapon on school property, a school vehicle, or at any school event without proper authorization will be in violation of school policy. This also includes replica or look-a-like weapons.

Act 26 of 1995 states a weapon includes but is not limited to any knife, cutting instrument, cutting tool, nunchaku, firearm, rifle, and other tool, instrument, or implement capable of inflicting serious injury.

Act 30 of 1997 requires expulsion from school for a period of not less than one year for any student who is determined to have brought onto or is in possession of a weapon on any school property, any school sponsored activity or any public conveyance providing transportation to a school or school-sponsored activity. The superintendent may recommend on a case-by-case basis modifications to the above item. In addition, the superintendent, in case of an exceptional student, shall take all steps necessary to comply with the Individual with Disabilities Education Act (IDEA). Employees/Students must immediately report to a staff member any knowledge of the presence of a firearm/weapon on school property.

### **PUBLIC DISPLAY OF AFFECTION**

Open display of affection includes hugging, kissing, etc. These incidents will be treated as disciplinary matters and may include parental notification.

## **PERSONAL APPEARANCE**

Guidelines have been established to assist the student in obtaining proper dress and grooming for school. The responsibility of parents to exercise authority dictates that they be concerned with the type of attire worn by their children. This concern is demonstrated by the student's appearance, which is a credit to his/her home, school, and community. Compliance with the "Students Rights and Responsibilities" document is required: "Students are to dress and groom themselves so as to meet fair standards of safety and health, and so as not to cause substantial disruption to the educational process."

Students violating the dress code will be asked to call home for a change of clothes OR change into clothes that are available in the nurse's office:

7. Any low collar shirt or blouse exposing cleavage is not permitted at any time.
8. Swimming trunks/suits are not permitted.
9. Shorts, dresses, and skirts must be fingertip length regardless of whether or not "tights" are worn beneath the shorts or skirt. Fingertip length is defined as the tip of the middle finger of a student's hand resting against their leg.
10. Objects on clothing that can pose a potential hazard to other students should not be worn to school. This includes, but is not limited to spikes and studs on clothing and spurs on boots or shoes.
11. Hats, sweatbands, bandanas and hoods are not permitted to be worn during school. Bandanas are not to be worn as a head covering or on any part of the body/outfit (around the wrist, ankle, headband, hanging out of pocket, etc.)

13. Exposed undergarments are not permitted.
14. Holes/Torn pants are permitted, the holes and tears must be below fingertip length.
15. No chains of any material are permitted. This includes, but is not limited to chains for wallets, chains on pants, shirts, etc.

The following disciplinary actions will be taken for violations of the dress code policy:

- 1st Offense: Warning & requirement to change clothes.  
2nd Offense: After-school detention & requirement to change clothes.  
3rd Offense: Saturday detention & requirement to change clothes.  
4th Offense: In-School Suspension & parent conference scheduled.  
5th Offense: Out-of-School Suspension & discipline hearing scheduled.

The administration reserves the right to change the dress code during the year to address issues that are in the best interest of the students within the building.

## **BOOK BAGS**

Students are permitted to bring book bags/briefcases, cinch sacks, & purses to and from school. Students are not permitted to carry bags of any kind to class. Students in physical education class may use gym bags to take clothes to the locker room, but they must be returned to the student's locker immediately following physical education class.

## **SEARCHES**

School officials are authorized to search a student and/or their personal possessions when there is reasonable suspicion that the student is violating the law, board policy, school rules, or poses a threat to the health, safety, or welfare of the school population. This includes searching with a metal detecting wand. Prior to the search, the student shall be notified and given the opportunity to be present. However, when school authorities have a reasonable suspicion that there is a threat to the health, safety, or welfare of the school population, a search may be conducted without prior warning. Parents will be notified if their child has been searched. Search dogs may be brought into the school throughout the year to search lockers and/or vehicles on school property.

## **TERRORIST THREATS/ACTS**

The Mercer Area School District Policy Number 218.2 defines terroristic threats/acts as follows:

1. A threat to commit violence communicated with the intent to terrorize another.
2. To cause evacuation of the building.
3. To cause serious public inconvenience, in reckless disregard of the risk of causing such terror or inconvenience.

There must be no stealing of school property or the personal belongings of others. Students are responsible for securing their own personal property and should not bring valuables to school.

It is **HIGHLY RECOMMENDED** students secure their locker with a combination or key lock. The combination or extra key should be provided to the main office.

## **DISCIPLINARY OPTIONS**

Regular after-school detentions will be held after-school from 3:20 p.m. - 4:15 p.m. each Tuesday & Thursday. Detention is a place of strict discipline and study. Students in detention must remain busy with school work or school studies. Those without work may be assigned written tasks to complete during detention. Failure to comply with these requirements will result in further consequences. Detentions are assigned by classroom teachers or by the administration through teacher referral. Some reasons for which detention may be assigned but not limited to are as follows:

Late to school	Late to detention	Misconduct in school
Forged excuse card	Failure to serve after-school	Horseplay
Late to class	detention	Destruction of school property
Leaving class or assigned area	Talking in detention	Unacceptable language
early or without teacher permission	No work in detention	Disobedience/ defiance of school
Out of assigned area within school	Cell phone violation	personnel

Students assigned to detention are to report to the assigned room on the designated day. There is no acceptable reason for not attending detention since it is mandatory. Each student is to have sufficient materials to study while in detention and must cooperate with the supervising teacher. Students will not be permitted to sit with nothing to do in detention. A student who is absent on a day of detention must report to the next available detention day after his/her return. Failure to serve detention will lead to an additional detention. Any student who fails to serve two (2) consecutive assigned detentions will be assigned a Saturday detention.

Any request for a detention to be rescheduled must come from a parent or legal guardian. This will be strictly enforced. Notice can be in the form of a phone call, e-mail, and/or signed note from the parent/guardian in direct care of the student.

## **SOCIAL PROBATION**

Social probation will be assigned to a student who demonstrates that his/her behavior is such that he/she is denied in-school privileges and out-of-school activities. This may include, but not limited to, the use of hall passes, attendance at school dances, athletic events, field trips, club meetings, school assemblies and the cafeteria.

## **CONFISCATION OF MATERIALS**

Confiscation of materials refers to a student in possession of something that is considered to be either illegal or inappropriate in a school building. This will include, but not be limited to, fireworks or any related explosive devices, lighters, personal electronic devices, cellular phones, iPods, or anything that could be considered a threat to the health, safety, or welfare of another student or staff member.

## **RISE PROGRAM**

Any student who displays habitually negative behaviors will be recommended for the RISE program. Once the referral is made, the administration will gather information from the student's classroom instructors in order to determine if the student should be placed in the program. The following procedures will take place if the student is placed in the program:

1. A parent conference will be held. This conference will include the principal, assistant principal, the student, and his or her parent/guardian.
2. The student will be placed on Level I – IV of the RISE program depending on the student's history of behavior.
  - a. Students on Level I of the RISE program will be required to complete a "Behavior Progress Card" for five (5) consecutive days. The student will maintain all privileges but will be required to meet with the principal and/or assistant principal each morning to develop and monitor their daily improvement goals. The "Behavior Progress Card" will be collected and reviewed at the end of each day with the principal and/or assistant principal. This meeting will focus on goal setting and a review of behavior.
  - b. Students on Level II of the RISE program will continue to be required to complete a "Behavior Progress Card" for five (5) days. They will meet with the principal and/or assistant principal at the beginning and end of each day to review the daily improvement goals. The student's hall pass privileges will also be restricted to one (1) morning pass and one (1) afternoon pass.
  - c. Level III of the RISE Program will result in the additional consequence of losing social lunch privileges. Students will be required to eat lunch in the main office. Level III of the RISE Program will last ten (10) days.
  - d. Level IV of the RISE Program will include all of the above restrictions, but will also result in the student becoming ineligible to participate in and/or attend any extracurricular or school sponsored activities. Level IV of the RISE Program will last ten (10) days.
  - e. Failure to improve after the fourth (4th) placement in the RISE Program will result in a board hearing where the recommendation will be no less than strict probation for the remainder of the school year.

### **ALTERNATIVE LEARNING CENTER – IN-SCHOOL SUSPENSION**

The Alternative Learning Center is an isolated area that is provided for students who will not be allowed to attend regular classes or participate in extracurricular activities during this time. Teachers of students assigned to ISS will receive notice. They will provide the supervisor with the work that each student is responsible for during the day spent in the alternative learning center. Students not completing the assigned work will receive additional in-school suspension time or an out-of-school suspension.

### **SATURDAY DETENTION**

Saturday detention rules will be the same as those for the alternative learning center. A student who is assigned a Saturday detention will be expected to report to the main entrance by 8:00 a.m. and serve in a designated classroom until 11:00 a.m. The student will provide his or her own transportation and each student is to have sufficient material to study. Sleeping during Saturday detention is prohibited and will result in additional consequences. Failure to serve a Saturday detention will result in two (2) additional Saturday assignments for the first offense and in-school suspension/board disciplinary committee review on the second and all other offenses. A Saturday detention may only be rescheduled one (1) time with notification from a parent or legal guardian.

## **EXCLUSION FROM SCHOOL**

Mercer Area School District prohibits the use, misuse, receiving, selling, or distribution by pupils of drugs (controlled substance), “look-alikes”, drug paraphernalia, marijuana or alcohol on school property, school buses, and during or prior to attending activities under school district jurisdiction. Pupils suspected of any illegal activities may be referred to the proper law enforcement agency. Parental conference is mandatory. Penalties include suspension and/or expulsion.

The use and/or possession of tobacco and alcoholic beverages in the school building, in school vehicles, in vehicles while parked on school property or any part of the school grounds is strictly prohibited by local school regulations, School Board regulations and regulations of the Department of Public Instruction of Pennsylvania. These regulations include all social events and athletic programs on and off the school property.

Pupils shall not possess lighted or unlit tobacco in any form on their person while in attendance at Mercer Middle/High School or during any school-sponsored activity. Such possession or use is identified as a summary offense. Punishment for breaking the above policy is located in the Mercer Area Middle-High School Discipline Policy and Guidelines.

#### **Alcohol Test:**

Students who are in school under the influence of alcohol present a danger to themselves and others. If a student is found to be in possession of alcohol, action is quite clear according to board policy. However a student in school may be under the influence of alcohol but not have the alcohol in their possession. The fact that they do not possess alcohol does not diminish their risk factor. Therefore, when students are suspected of being under the influence of alcohol as reported by an employee of the school district, the following action will ensue:

1. If drinking alcohol is suspected, the principal will administer the “Alcotest” in the presence of another professional staff member. The student’s parents/legal guardian will be called before the test is administered.

3. If a positive test results, the student will be liable for disciplinary action under the School Board policy pertaining to alcohol.

5. The spent “Alcotest” tube will be saved and labeled as evidence.

#### **EQUAL RIGHTS AND OPPORTUNITIES POLICY**

With the aim of assuring equal rights and opportunities within our community and to comply with Federal Laws (including Title IX of Education Amendments of 1972), State Laws, and State Departments of Education regulations concerning these, the Mercer Area School District reaffirms itself to be an Equal Rights and Opportunities School District. As an Equal Rights and Opportunities School District, it does not discriminate against individuals or groups because of race, color, national origin, religion, gender, sexual orientation, age, marital status, or non-relevant handicaps and disabilities. The school district’s commitment to nondiscrimination extends to students, employees, prospective employees, and the community.

Inquiries regarding compliance with Title IX may be made to Equal Rights and Opportunities Director, or to the Director of Civil Rights, Department of Health, Education, Welfare, Washington, D.C.

Students must check with teachers for assignments prior to leaving. All assignments (out of class) are due the first day back from the field trip unless the trip is more than one (1) day.

Students who have been truant or display excessive absenteeism will have their field trip privileges revoked. All money paid in advance will be forfeited.

## **FIRE/SEVERE WEATHER DRILL/INTRUDER DRILL**

During a fire drill, students are expected to move rapidly but in a quiet and orderly manner to designated areas in the front and rear of the building. In any event, students are to assemble no closer than 200 feet of the building and off the driveway. Severe weather drills entail that students adhere to teacher's instructions while maintaining silence in the hall/classroom. Intruder drill requires all students to follow the direction of the teacher. During all drills, cell phone use is strictly prohibited.

## **LABORATORY/SHOP SAFETY**

State law requires that all students must wear safety glasses in all laboratory/shop areas. Any violation of this policy will result in disciplinary action. Dress attire may be extended based on circumstance (i.e. chemistry lab aprons).

A threat is a communication of intent to harm someone that may be spoken, written, gestured, or expressed in some other form, such as via text messaging, email, or other digital means. An expression of intent to harm someone is considered a threat regardless of whether it is communicated to the intended target(s) and regardless of whether the intended target is aware of the threat.

In the event that a threat is discovered, the appropriate course of action will be taken based upon the situation. The Threat Assessment Team will be convened to review the situation and complete a Comprehensive School Threat Assessment. Based upon the findings of the team, additional steps may be taken to appropriately address the threat.

Parents and all visitors must report to the greeter area upon entering the building. They are to sign the guest book and receive an appropriate visitor's badge. This badge must be displayed prominently while the parent or visitor is in the building. Staff personnel should report any unauthorized person in the building to the office immediately.

SERVICES

SCHOOL COUNSELING PROGRAMS – (724) 662-2272 EXT. 20

School Counseling programs are in the form of assemblies, student tutoring, classroom discussions, or distributed materials that give information to students and parents. This information is about school procedures, personal-social development, standardized test results, study skills, the value and varieties of work, choosing courses and educational planning.

Counseling:

Counseling consists of meeting with the student and/or parents/legal guardian (individually or in groups) about matters of interest or concerns to them.

INDIVIDUAL	GROUP
Student Schedules	Vocational & Educational Plans
Personal Problems	Select Curriculum
Educational & Vocational Plans	Test and Interpret Test Results
Improvement Plan	Improvement Plan

For the maximum advantage of these services, the student and/or parents/legal guardians are encouraged to arrange for counseling conferences at times most suitable for their interests or needs. Conferences are helpful because they review school progress, evaluate present performance, and explore future opportunities.

The guidance office provides a communication board with some of the following information: Testing dates, college visits, educational opportunities, vocational opportunities, job opportunities, scholarships, and volunteer positions.

Please note: College visitation requests to be absent from school must be signed by the parent/legal guardian and presented to the main office prior to absence. A student is allowed a total of three (3) college visitations during the junior and senior year.

Counselor Assignment:

Miss Courtney Brown	Middle School .....(724) 662-2272 ex. 18
Ms. Emily Pepper	High School .....(724) 662-2272 ex. 19

Student Assistance Program (SAP)

The Student Assistance Program provides individual and/or group counseling to students as needed on non-academic issues. This program is not designed as treatment, but as a system to link those problems with experts who can offer help.

Requests for help may be made by school personnel, friends, parents, or the student themselves.

Miss Courtney Brown, SAP Coordinator.....Grades 7-12.....(724) 662-2272 ex. 18

### Schedule Changes:

The student, parents/legal guardian, and school mutually agree upon selection of courses. However, it is recognized that scholastic changes are sometimes necessary.

### **SCHEDULE CHANGE POLICY:**

Any student who wishes to make a schedule change (based on a good educational reason) must see a principal. Final copies of the schedules will be printed in late July/early August. After that time, any changes will be based on “school time” policy.

### **“SCHOOL TIME” POLICY:**

After the first (1st) day of school, changes will be based upon the following criteria:

- Obvious failure in spite of student effort (needs teacher approval)
- Health reasons
- Change in educational direction (academic to general: Career Center to regular, etc.)
- Any changes in the “school time” policy need administrative approval.
- Drops not approved will result in a failure for that course on the student’s permanent record.

### Requesting Homework:

Parents may request homework upon the third (3rd) day of absence for students in grades 7 – 12. Requests can be made by calling the guidance office (724-662-2272 ex. 20) or by completing a “Report Absence” form on the school district website ([www.mercer.k12.pa.us](http://www.mercer.k12.pa.us)) under Middle/High School, Main Office.

The request must be made before 9:00 a.m. to allow teachers time to gather the materials necessary for the student and return it to the counseling office for pick-up at the end of the day. If homework is requested due to purposes of non-illness nature, it must be completed upon return to school or the teacher has the right to give the student a grade of zero for incomplete work.

### Student Directory Information Opt-Out Policy:

Recognizing the challenges faced by military recruiters, the No Child Left Behind Law requires high schools to provide to military recruiters, upon request, access to names, addresses, and phone numbers of high school juniors and seniors. The law also requires high schools to release information to colleges or other higher education institutions upon request. If you do not want Mercer Area School District to disclose this directory information without your prior written consent (opt-out,) you must notify the Guidance Office in writing. If we do not receive any opt-out notification by August 1st before the upcoming school year, we will release student information to military or college recruiters upon request. If a student is 18 or older, he/she must notify us himself/herself. A list of guidelines on military recruiters’ and colleges’ access to information can be found at the following website:

[https://studentprivacy.ed.gov/sites/default/files/resource\\_document/file/military-recruiter\\_.pdf](https://studentprivacy.ed.gov/sites/default/files/resource_document/file/military-recruiter_.pdf).

### Student Photograph/Information Policy:

Programs and events will occur throughout the school year that will receive media attention. Pictures and/or information about a student/students may appear on the school district website and other media outlets (newspapers, brochures, websites, etc.). If you do not want to have your son/daughter photographed or have information shared with the public and/or media please contact the high school office (724-662-5104) by the end of August.

### **HEALTH SERVICES – SCHOOL NURSE**

**724-662-5104 EXT. 21**

The following health services are required for students by Pennsylvania School Law. Any parent/legal guardian who does not wish his/her child to receive these in school by the school nurse, school physician, or school dentists must notify the school nurse in writing.

Height, Weight, and Vision Screening – All Students

Hearing Screening – Grades K, 1, 2, 3, 7, 11

Physical Examinations – Grades K, 6, 11

Dental Examinations – Grades K, 3, 7

Visual Scoliosis Screening – Grades 6 & 7

If a parent/legal guardian elects not to have the school provide the above services, they must supply the school with the results of examinations by their own family physician or dentist.

### Health Room Procedures:

- Students who are ill must secure a pass from their teacher and then report to the health room. If the nurse is not in her office, the student should report to the main office. Students returning to class must have their pass signed by the nurse.
- Under no circumstances are students to call home or make their own decisions to leave school because they feel ill. The nurse will make the proper arrangements when a student is too ill to remain in school. The parent/legal guardian will be notified and will be asked to arrange for transportation home.
- Accidents are to be immediately reported by the student to a teacher, who will refer the student to the nurse for treatment. The school will not assume responsibility for treatment of injuries that occur at home.
- Emergency and health information for each pupil is kept on file in the health room. Any changes of status should be reported immediately to the nurse.

### Administration of Medication:

- Students are required to register all medication in the nurse's office.
- Forms for the dispensing of prescription medication can be obtained from the nurse.
- No Mercer Area School District employee may administer any "over the counter" medication.
- The nurse will oversee all administered medication with written instructions from a physician.
- Only a parent or approved adult may bring in prescription drugs to the school nurse for administration.

- Students are permitted to carry inhalers as approved by the school nurse. It is mandatory that the nurse be aware of who has inhalers, and when they are used.

## **Education for Children and Youth Experiencing Homelessness (ECYEH)**

Pennsylvania's Education for Children and Youth Experiencing Homelessness Program was established to ensure homeless youth have access to a free and appropriate public education while removing barriers that homeless children face on a daily basis. Its goal is to have the educational process continue as uninterrupted as possible while the children are in homeless situations.

### **Definition of Homelessness**

Section 725(2) of the McKinney-Vento Act defines "homelessness children and youths) as individuals lacking a fixed, regular, adequate nighttime residence. Furthermore, this includes,

- Children and youths who are:
  - Sharing the housing of other persons due to loss of housing or economic hardship.
  - Living in motels, hotels, trailer parks or camping grounds due to lack of alternative adequate accommodations.
  - Living in emergency, transitional, or domestic violence shelters.
  - Abandoned in hospitals.
- Children and youth whose primary nighttime residence is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings.
- Children and youth whose living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings.
- Children and youth living as migratory children in conditions described in previous examples.
- Children and youth who are living as run-away children.
- Children and youth who are abandoned or forced out of homes by parents/guardians or caretakers.
- Children and youth living as school-aged parents in houses for parents if they have no other living accommodations.

School of origin is defined as the school the student attended when permanently housed or the school in which the student was last enrolled, including pre-school. When the student completes the final grade level served by the school of origin, the school of origin shall include the designated receiving school at the next grade level for all feeder schools.

Unaccompanied youth is defined as a homeless child or youth not in the physical custody of a parent or guardian.

### **Enrollment/Placement**

To the extent feasible and, in accordance with the student's best interest, a homeless student shall continue to be enrolled in his or her school of origin while he or she remains homeless or until the end of the academic year in which he or she obtains permanent housing.

Parents/Guardians of a homeless student may request enrollment in the school in the attendance area where the student is actually living or other schools. If a student is unaccompanied by a parent/guardian, the district liaison will assist the student with placement and enrollment decisions and give priority to the views of the student in determining where he or she will be enrolled.

If after such consideration, the district determines that it is not in the student's best interest to attend the school of origin or the school requested by the parent/guardian or unaccompanied youth, the district shall provide the parent/guardian or unaccompanied youth with a written explanation of the reasons for its determination. The explanation shall be in a manner and form understandable to the parent/guardian or unaccompanied youth and shall include information regarding the right to appeal.

The selected school shall immediately enroll the student and begin instruction, even if the student is unable to produce records normally required for enrollment pursuant to district policies. However, the district may require a parent/guardian to submit contact information. The district liaison may contact the previous school for oral confirmation of immunizations, and the school shall request records from the previous district, pursuant to Board policy. Homeless families are not required to prove residency regarding school enrollment.

### **School/Health Records**

The receiving school district may contact the district of origin for oral confirmation that the student has been immunized but must not be a barrier to enrollment. Oral confirmation between professionals is a sufficient basis to verify immunization with written confirmation to follow within thirty (30) days. The instructional program should begin without delay after the enrollment process is initiated and should not be delayed until the procedure is completed.

The enrolling district's liaison will assist the parent/guardian/student in obtaining necessary immunizations, or immunization or medical records.

The district will support families with accessibility to health-related resources — not limited to access to a physician, dentist, and other specialty doctors.

The district may assist with transportation for access to medical providers as well as assist with overcoming barriers related to insurance.

### **Education Records**

Information about a homeless student's living situation shall be treated as a student education record subject to the protections of the Family Educational Right and Privacy Act (FERPA) and shall not be deemed to be directory information.

Homeless students shall be provided services comparable to those offered to other district students including, but not limited to: transportation services, school nutrition programs, vocational programs & technical education, preschool programs, programs for students with limited English proficiency, and educational services for which students meet eligibility criteria, such as programs for disadvantaged students, students with disabilities, and gifted & talented students.

### **Placement/Disputes/Complaints**

If the district is unable to determine the student's grade level due to missing or incomplete records, the district shall administer tests or utilize appropriate means to determine the student's placement.

If a dispute arises over school selection or enrollment, the student shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parent/guardian/student will be provided with a written explanation of the school's decision on the dispute, including the right to appeal. The parent/guardian/student will be referred to the school district liaison, who will carry out the state's grievance procedure as expeditiously as possible after receiving notice of the dispute. In the case of an unaccompanied student, the school district liaison shall ensure that the student is immediately enrolled in school pending resolution of the dispute.

If disputes or complaints of noncompliance rise regarding the education of homeless students, the following steps shall be taken:

- The person filing the complaint shall first contact the school or district through the school district liaison, the principal, and/or Superintendent to present their concerns to the people closest to the situation and, most likely, to be able to resolve it quickly.
- If Step 1 is not successful or is not possible under the circumstances, contact should be made with the Homeless Project Education Liaison, or the Pennsylvania Department of Education (PDE) will accept complaints directly through the Education for Homeless Children and Youth Program.
- Individual cases may be referred to the PDE's Office of Chief Counsel and the Office of the Deputy Secretary for Elementary and Secondary Education, as needed, by the State Homeless Coordinator.

PDE will deliver a response within fifteen (15) business days of the receipt of the complaint. The complaint may arrive in the form of a copy of the school district letter or on the Dispute Letter Form, if given directly to a Liaison of the Homeless Initiative.

### **Transportation**

The Mercer Area School District shall provide transportation for homeless students to their school of origin or the school they choose to attend within the school district.

If the school of origin is outside district boundaries or homeless students live in another district but will attend their school of origin in this district, the school districts shall agree upon a method to apportion the responsibility and costs of the transportation.

Mercer Area School District Transportation Coordinator:

Mr. Mark Roman      724-662-5100 ex. 40      mroman@mercerc.k12.pa.us

### **Fiscal Responsibilities**

The following guidelines will be followed in cases when the education of the student is provided by the district where the homeless student is temporarily living. The guidelines shall also apply in cases when the district of prior attendance, where that is not the district the student attended when permanently housed, will educate the student:

- Homeless individuals not in facilities (shelters) or institutions, as well as homeless individuals living in hotels, motels, cars, tents, or doubled-up with a resident family, shall be reported and reimbursed as resident students.
- For homeless individuals in temporary shelters, the educating school district will send a form for the determination of district residence for students in facilities or institutions to the presumed district of residence.
- If the form is acknowledged by the resident district, the educating district will enter the student on its rolls as a nonresident student from the acknowledging resident school district. The educating district will bill the resident district for tuition and will report membership data according to state child accounting procedures.
- If the form is disclaimed and a district of residence cannot be determined, the student will be considered a ward of the state. The educating district will enter the student on its rolls as a nonresident ward of the state and will report membership according to state child accounting procedures. The Department of Education will pay tuition to the educating district based on membership reported to child accounting.

In cases when the education of the student is provided by the district of origin, where that is the district, the student attended when permanently housed, the district will continue to educate a homeless student for the period of temporary displacement and should maintain the student on its rolls as a resident student.

In cases when the student becomes permanently housed during the academic year and continues in the school of origin, which is not the district of new residence, the educating district will continue to educate the formerly homeless student on its rolls as a nonresident student.

## **Training**

Offered by the Coordinator of Pennsylvania's Education for Children and Youth Experiencing Homelessness Program. The district's liaison shall arrange professional development programs for school staff, including office staff. School personnel providing services to homeless students, including enrollment staff, shall receive professional development and support to:

- Improve identification of homeless students.
- Understand the rights of such children, including requirements for immediate enrollment and transportation, and
- Heighten the awareness of, and capacity to respond to, the educational needs of such children.

Each student is given a place of storage (a folder) on a server for the purpose of safely storing educationally related items such as homework assignments, research media, and software projects. Materials stored in student folders will be subject to regular review by teachers or administrators for the purpose of maintaining system integrity and ensuring responsible use of the network. The following actions are not permitted when using the network.

- Account Theft: Logging in or attempting to log into the network using an account other than your own.
- Data Theft: Attempting to access a folder other than your own.

### INTERNET AND E-MAIL

The Federally passed Children's Internet Protection Act (CIPA) requires Internet Access to be strictly filtered in public areas such as public schools and libraries. Such equipment is installed in the Mercer Area School District to filter inappropriate content from the Internet. It should be understood that inappropriate websites are developed on a daily basis which may cause a minimal lag time in the updating of such filtering databases. It is not humanly possible to filter 100% of inappropriate content. However, web sites are screened by the appropriate teacher prior to taking students to that site.

Access to the Internet will be provided to those students which have an approved permission form on file. Permission forms are good until graduation except: (1) If the parent notifies the school district in writing that the student is no longer granted such permission, or (2) the student's permission is revoked due to violations of rules set forth in this document, or (3) a new policy is developed. The Internet will be used for educational research, communicating for collaborative purposes with a peer, teacher, college/university professor, or researcher located elsewhere in the world, or other class projects under the guidance and direction of the teacher. The following are violation of the rules of Internet and E-mail usage:

**(Pornography)** - The purposeful viewing or downloading of any non-educational material including material deemed inappropriate by the classroom teacher, school administrator, or school board.

**(Electronic Theft)** - Any illegal downloading or copyrighting media for unauthorized use.

**(Electronic Threats)** - Transmitting or receiving material that is in violation of any federal, state, or local law or policy (i.e. threatening or terrorist material, obscene material, material protected by trade secret, or material obtained through intrusion of another network).

**(Hacking)** - No student shall use any means to compromise the security of the network (i.e. seeking passwords or ways around security measures, remotely controlling a computer from another, or attempting to access unauthorized sections of a server).

**(Chatting)** - Participating in chat room sessions which are not monitored or assigned by a teacher.

**(Gaming)** - No student shall engage in using computers for playing games or other non-educational activities unless pre-approved as curriculum-related by the teacher responsible for that student at the time.

**(IM)** - Using Instant Messaging programs for any communications during school time.

**(Unauthorized E-mailing)** - Using an E-mail account which was not assigned to the student by a teacher or the District Technology Technician.

**(Electronic Harassment)** - Do not send abusive messages of any nature.

**(Vulgarity)** - Always use language that is appropriate and devoid of vulgarities.

**(Confidentiality)** - Do not reveal personal addresses, phone numbers, or forward any message without the appropriate permission; all information and communications accessible on the Internet are considered private property.

**(Excessive Bandwidth Usage)** - While connected to the Internet, do not use the network in a manner that would disrupt the use of the network by others.

**(Data Loss Disclaimer)** - The Mercer Area School District is not responsible for loss of data resulting from delays, non-deliveries, service interruptions, or other damages that may occur while using the Internet.

**(Internet Information Disclaimer)** - The Mercer Area School District assumes no responsibility for the accuracy or quality of information obtained through the Internet. Use of such information is at the users own risk.

**(Social Media)** - Students are not permitted to access social media websites (Facebook, Instagram, Twitter, YouTube, etc.) without prior permission from the administration for an educational purpose.

In order to establish a positive school and home partnership, the parents, staff, and students need to have a common understanding of the rules and regulations of Mercer Middle/High School. We ask that you sign and return this page after reading the statements below.
