Minutes of Thursday, June 9, 2011 Meeting

Members Present: Steve Gellar
Annmarie LaRosa

**Other Board Members
Present:**

Administrators Present: Bernadette Burns
Magda Parvey
Richard Simon

Meeting Convened: 7:30 p.m.

Agenda Items:

- **State Education Updates-** Mrs. Burns and Dr. Parvey reported on the resetting of the Annual Measurable Objectives (AMO) in Grades 3-8 ELA and mathematics by the New York State Education Department (NYSED) and the impact it may have on our scores and the ability for certain subgroups, such as students with disabilities, to make AYP(Adequate Yearly Progress). This adjustment will cause a decline in the percentage of schools that will make AYP next year.
- **Professional Development-** Dr. Parvey shared recent professional development for grades K-6 in the new version of the math textbook and training for grade 5 in Reading Workshop.
- **Climate Survey** – Mr. Gellar and Ms. LaRosa asked Mr. Simon to begin exploring a survey that identifies staff morale and the direction in which the staff perceives we are moving as a district.

Meeting Adjourned: 7:55 p.m.

Education Committee meeting June 28, 2011

Members: S. Gellar, A. LaRosa, R. Simon, B. Burns, M. Parvey

The meeting convened at 8:30 p.m.

1. Graduation Data

Mrs. Burns shared the official graduation rates for the 2004 through 2006 cohorts (Classes of 2008 through 2010). While the number of students graduating on time has stayed constant at approximately 96%, the number achieving a Regents diploma is steadily increasing. Nine percent of the Class of 2008 earned a local diploma, as opposed to only 3% of the Class of 2010. One challenge for the district is to ensure that students with disabilities graduate within four years. While significantly more students with disabilities are taking Regents courses and exams, some are experiencing difficulty passing them the first time. This is of particular concern since the district is not running summer school, and the State has curtailed the number of exams offered in August and eliminated all January exams.

2. Gradebook Training

Earlier this year, all secondary teachers were trained in the use of Gradebook in anticipation of the Gradebook being made available in the parent portal of Infinite Campus when school reopens in September. A brief refresher was held for all middle and high school teachers during the June testing weeks. Procedures for reporting out grades, consistent with BOE Policy 7213, will be developed to ensure timely posting of assessment information.

3. Title IA and IIA Allocations

Dr. Parvey shared the Title IA and IIA allocations for the 2011-2012 school year. Title IA funding is set at \$141,200, which is a decrease of \$2,130 from the 2010-2011 allocation. The Title IIA monies, which fund almost all of our professional development projects, amount to \$118,900, a significant decrease of \$13,802 from this year. In anticipation of this cut, funding for staff development was built into the 2011-2012 budget.

The committee discussed the inequities in the appropriation of title funding, and that many West Islip residents are reticent to acknowledge they may need financial assistance, which is ultimately what drives the grant appropriation. In order to encourage families to apply for free and reduced lunch services if appropriate, it was suggested that a reminder to parents about the benefits of establishing eligibility for free or reduced lunch services go home with the back to school packets in late August.

The meeting adjourned at 8:50 p.m.
