Letters of Recommendation

Do not do this until June!

Start thinking about which teachers you may ask for a letter of recommendation. Before you leave for summer break, be sure to ask two teachers if they are willing to write you a letter. Keep the following in mind:

- The two teachers should be from different subject areas
- It is helpful to have a resume or activity list to provide to anyone writing you a letter
- Your School Counselor can provide you with a template of a Teacher Recommendation Questionnaire
- Always be sure to provide anyone writing you a letter with as much notice as possible

SAT/ACT Registration

When you sign up for the SATs and/or the ACTs, you will need the following information:

- Demographic information
- An acceptable photo of yourself that closely resembles the photo on your ID and that will match how you look in test day
- Newburyport High School code: **221-510**
- Payment or fee waiver

QUICK FACTS SHEET

Should you apply Early Decision or Early Action?

Applying to an ED or EA plan is most appropriate for a student who:

- Has researched colleges extensively.
- Is absolutely sure that the college is the first choice.
- Has found a college that is a strong match academically, socially and geographically.
- Meets or exceeds the admission profile for the college for SAT® scores and GPA.
- Has an academic record that has been consistently solid over time.

Applying to an ED or EA plan is not appropriate for a student who:

- Has not thoroughly researched colleges.
- Is applying early just to avoid stress and paperwork.
- Is not fully committed to attending the college.
- Is applying early only because friends are.
- Needs a strong senior fall semester to bring grades up.

Demonstrated Interest

Demonstrated interest is the degree to which you show a college that you are sincerely interested in coming to their school. It shows a school that you are more likely to attend compared to another applicant. Some schools track this during the admissions process. Here are a few ways to show demonstrated interest:

- Campus tour
- Filing out information sheet at a college fair
- Applying to the school
- Interview with Admissions
- Contact with Admissions Rep (phone call, email, in person)

Common Application Essay Prompts

1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.
2. The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
3. Reflect on a time when you questioned or challenged a belief or idea. What prompted your thinking? What was the outcome?
4. Describe a problem you've solved or a problem you'd like to solve. It can be an intellectual challenge, a research query, an ethical dilemma - anything that is of personal importance, no matter the scale. Explain its significance to you and what steps you took or could be taken to identify a solution. |
5. Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.
6. Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?
7. Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.
