

# Kindergarten English Curriculum & Pacing Guide

**Amherst County Public Schools**  
Every Child Every Day

## Teacher Notes

ACPS will utilize a theme approach to integrate the English strands of reading, writing, research, and communication. To the extent possible, a variety of genres should be utilized during a unit of study. Best practices include:

- **Paired texts** (Paired texts can include books, plays, articles, poems, functional text, graphics, or digital media)
- **Use of text-dependent questions** (QAR)
- **Use of inference questions** (QAR)
- **Use of text-based vocabulary**
- **Writing components in every lesson**
- **Frequent research components**

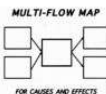

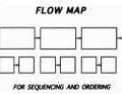

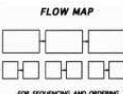

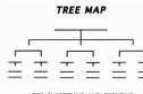

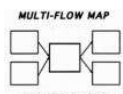

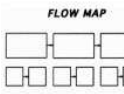

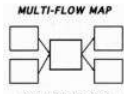

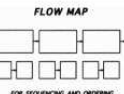

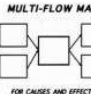

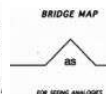

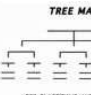

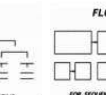

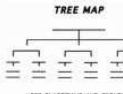

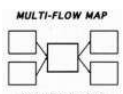

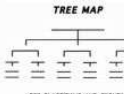

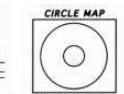

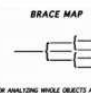

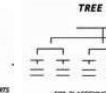

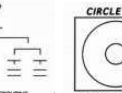

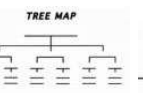

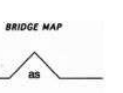

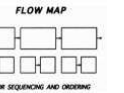

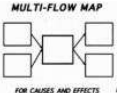

ACPS Literacy Plan outlines **seven comprehension strategies** that will be incorporated during units of study throughout the reading process. "Strategies are conscious, flexible plans a reader applies to a variety of texts, both narrative and expository. The use of strategies implies awareness, reflection, and interaction between the reader and the author. Strategies do not operate individually or sequentially, but are interrelated and recursive. The goal is the active construction of meaning and the ability to adapt strategies to varying reading demands." (Vogt & Verga, 1998) Explicit teaching and modeling of the strategies is necessary to assist students in learning to use them independently to make sense of the text they encounter.

- Monitoring Comprehension/Metacognition
- Predicting/Activating Background Knowledge/Schema
- Questioning
- Visualizing
- Determining Importance
- Summarizing & Synthesizing
- Inferring

ACPS utilizes **Thinking Maps** in order for students to create mental visual patterns for thinking based on the fundamental thinking processes.

The following are examples of reading skills associated with each of the maps. These can be expanded upon based on teacher discretion.

Predictions	Summarizing (Story Elements, BME, Problem/Solution, Main Idea/Details, etc.)	Making Connections	Ask/Answer Questions
  	  	  	  
Character Analysis	Fact & Opinion	Context Clues	Author's Purpose
   		 	 
Vocabulary (Affixes, Compound Words, Phonics, Homophones, Synonyms/Antonyms)	Multi-Meaning Words	Locate Information	Cause & Effect

## Content Knowledge for Implementation of the Standards

(taken from 2010 VDOE English Curriculum Framework)

**Phonological awareness** is the term used to describe a student's understanding that spoken words consist of sounds. Students who are phonologically aware demonstrate an ability to hear and manipulate the sound structure of language at each of the word, syllable and phoneme (individual sound) levels. Phonological awareness typically progresses in a developmental continuum, (i.e., rhyming → sentence segmenting → syllable blending/segmenting → syllable splitting [onset and rime blending/segmenting] → phoneme blending, segmenting, and manipulating).

**Blend** - putting speech sound units (phonemes) together to make a word (e.g., /m/- /a/-/n/ → man).

**Segment** - break spoken words into individual sounds (e.g., man → /m/- /a/- /n/).

**Syllables** are units of speech that consist of a vowel preceded and/or followed by consonants. Each time a syllable is produced, the mouth opens and closes.

**Phonemes** are the smallest units of sound in spoken language.

**Onsets** are speech sounds (/b/, /c/, /f/, /h/) before a vowel.

**Rimes** are comprised of the vowel and what follows (e.g., -at, -it, -op).

**Concept of word** - A firm concept of word requires students to have an automatic knowledge of letter sounds, to be able to isolate consonant sounds at the beginning of words in context, and to remember previously viewed words from text.

**Digraph** is the spelling of one sound using two letters. Digraphs can spell consonant sounds (e.g., sh, ch, th, ng) or vowel sounds (e.g., ai, ay, ee, ea, oo, ow, ey, oi, oy, au, aw).

**Narrative writing** - sharing events and telling stories

**Informational Writing** - informing others and making reports

**Functional Writing** - labeling and making lists

The VDOE Curriculum Framework should be utilized when preparing units found in this curriculum map.
