Name: _____

Part I (Activity Page DA-I)

Directions: I am going to ask a question using a word you have heard in the Read-Alouds. First I will say the word and then use it in a question. If the answer to the question is “yes,” circle thumbs up. If the answer to the question is “no,” circle thumbs down. I will ask each question two times. Let’s do number one together.

1. Seasons: Are the four seasons called winter, spring, summer, and autumn?	 
2. Weather: Does weather mean the temperature for the day and whether it is sunny, rainy, or cloudy?	 
3. Blizzards: Do blizzards usually happen in the summer?	 
4. Freezing Point: Is the freezing point the temperature at which water freezes?	 
5. Frigid: When the weather is frigid outside, should we wear shorts?	 

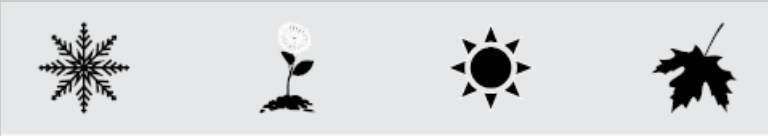

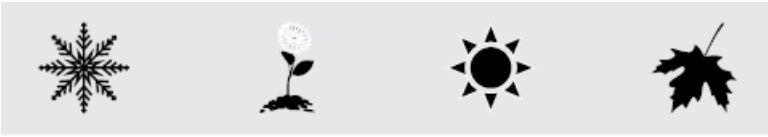

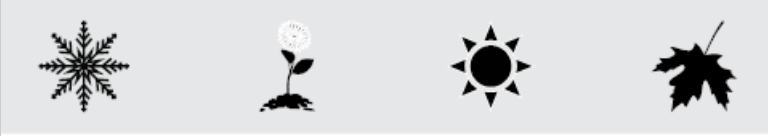

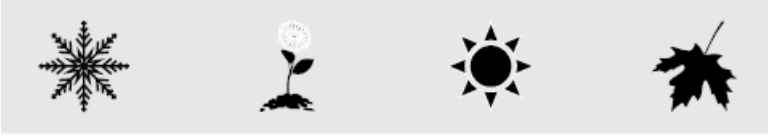

6. Sunscreen: Do we usually use sunscreen in the winter?	 
7. Floods: Do floods occur when it rains really, really hard and the rivers cannot hold any more water?	 
8. Thermometer: When we want to know the temperature outside, should we check the thermometer?	 
9. Meteorologist: Is a meteorologist someone who studies weather?	 
10. Satellites: Do satellites help scientists see storms as they develop and predict whether the skies will be clear or cloudy?	 
11. Characteristics: Do some characteristics of winter include that it snows and is often cold?	 
12. Cycle: When something happens over and over again in the same order is it called a cycle?	 
13. Patterns: Are patterns things that only happen once?	 

14. Gradually: When something happens gradually, does it happen very, very quickly?	 
15. Severe: Are thunderstorms a type of severe weather?	 

Part II (Activity Page DA.2)

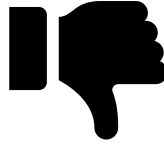

Directions: I am going to name characteristics of a certain season in most of the United States. Circle the season I am describing on your paper. The snowflake stands for winter, the flower stands for spring, the sun stands for summer, and the leaf stands for autumn. Draw a picture of the current season on the back of the paper when you are finished.

1. During this season, the weather is very cold, and it can even snow.	   
2. This is usually the hottest season of the year.	   
3. This is the season for farmers to plant seeds.	   

<p>4. This is the season when leaves change colors and fall off trees.</p>	
<p>5. I would wear boots, a coat, mittens, a scarf, and a hat to go outside and play in this season.</p>	
<p>6. The phrase, "April showers bring May flowers," is about what season?</p>	
<p>7. This is the season for farmers to gather fruits and vegetables from their fields.</p>	

Part III (Activity Page DA.3)

Directions: I am going to read some questions to you. If the answer to the question is "yes," circle thumbs up. If the answer to the question is "no," circle thumbs down. I will ask each question two times.

1. Do meteorologists study the weather so they can predict what the weather will be like?	 
2. If you hear thunder, should you go outside to play?	 
3. During a thunderstorm, should you sit near a window?	 
4. When you see lightning in the sky, should you stay away from trees and tall objects?	 
5. Should you wear a jacket to go to a swimming pool in the summer?	 
6. When it is hot outside, is the liquid in a thermometer high and nearer to the top?	 
7. When it is cold outside, is the liquid in a thermometer low and nearer to the bottom?	 
8. Do we celebrate the Fourth of July during summer?	 

9. Is it sunny outside during a thunderstorm?	 
10. Is a month shorter than a year?
