

Social Media Group Project

Create a fictional profile for Mark

We will create a fictional Social Media Profile page for Mark. If instead of a camera he had a phone and recorded his journey what would his family have found on his phone? What moments would he have chosen to capture? What would his family share with the world?

Your group will be responsible for each of the following:

- Create a profile photo.
- Determine a username
- Write a biography for Mark.
- Make 4 videos representing the trip.
 - You can use TikTok/Instagram but if you do not have social media we can use a phone, your Chromebook etc...
- Use the template on the last slide to create your profile.

Below for each video explain why you picked this scene as an important scene to recreate. In your explanation include at least 1 sentence describing a characteristic of Mark revealed in this scene. Your explanation should be a full paragraph with at least a topic sentence, 3 supporting sentences and a conclusion.

This assignment will be graded individually. To receive full credit each group member must appear in at least one video and write at least one explanation paragraph.
