#### Band

1. Instrument: Whether you shop at Quinlan & Fabish Music Company or find an instrument elsewhere, it is important to stick with the major brands as less established brands tend to break-down easier and are more difficult (or sometimes impossible) to repair. Recommended brands include: Accent, Anthem, Armstrong, Bach, Buffet, Cannonball, Conn, Eastman, Emerson, Gemeinhardt, Haynes, Holton, Jupiter, King, Leblanc, Ludwig, Pearl, Selmer, Trevor James, Vic Firth, and Yamaha. If you find an instrument

that is not made by one of these brands, please contact the band teacher for more information.

2. Band Method Book: Essential Elements For Band (published by Hal Leonard). Quinlan & Fabish can order this book for you, or you are welcome to shop for it online. Be sure to order the book for the instrument that your child will be playing.
