

Lab Scavenger Hunt

Follow the directions

1. Put your name on the top right corner of your room map.
2. Find the location of Sue the Snake and label a big S on the map.
3. Draw the lab tables and the sinks on your map.
4. Draw the desks and label yours with your name.
5. Place a T where you find the tissues.
6. Draw in the Madagascar Hissing Cockroach tank and label that with a purple R.
7. Find the recycle can and label with a green arrow.
8. Place a smiley face where you find the agenda and objectives for the week.
