

Dear Honors Chemistry Students,

Check your school Gmail, and Google Classroom every day. I will use Google Classroom as the primary method of communicating with you and posting assignments. I have been tinkering with some apps that could allow us to video chat, but I don't feel like I can depend on that at this point. If I send you directions to try a video chat, I would love for those of you that are able to give it a try. I am going to miss your faces for the next few weeks!

You may complete assignments on paper or submit online through Google Classroom. To attach a photo in Google Classroom you must save to your FHS Google Drive from your phone. Then you will be able to add an attachment in the assignment in Google Classroom. For the next 3 weeks please DO NOT e-mail me documents - it will get unmanageable quickly.

Google Classroom Codes

Period 2 [ifflq6a](#)

Period 3 [gingwht](#)

Period 6 [ohtgyuk](#)

Period 7 [uetjbyt](#)

Plans for Week of 3/16 - 3/20

- Complete 9.1 Section Review (**due 3/17**)
- Look at the notes and go through the PowerPoints over Chapter 9.2: Stoichiometry available on the Google Classroom.
- Work through 9.2 Reading, 9.2 Powerpoints, and Posted 9.1 and 9.2 Videos (due 3/18)

- Complete the Mass-Mass W.S. (due 3/23)
- Complete the Mixed Moles W.S. (due 3/24)
- 9.2 Section Review sheets (due 3/25)
- Complete the 9.2 Quest (due 3/26)
- Mixed Reception Online Chemystery!! (due 3/30)

Plans for Week of 3/30 - 4/3

- Mixed Reception Online Chemystery!! (due 3/30)
- Work through 9.3 Reading and go through the PowerPoints and Videos posted over Chapter 9.3: Stoichiometry available on the Google Classroom. (due 3/31)
- 9.3 Study Guide (due 4/1)
- Complete the Limiting Problems W.S. (due 4/2)
- Complete 9.3 Section Review sheet (due 4/3)
- Complete the 9.3 Quest (due 4/5)

Enrichment

- Feeling Funky? Complete the "Student Friendly Stoichiometry Problems" - they are not friendly - I might even call them snarky!

Know that I will be thinking of you, I am here to help, and that we will get through this and life will go on. Instead of focusing on what we don't have or what we can't control - let's keep in mind all of the things we do have. We cannot control everything that happens to us in life - but we can always control how we react to things.

Much Love,
Mrs. Lehner
