

Lesson Plan

“Textured Cinnamon Apples”

Students take turns smelling cinnamon. Read students apple book/sing apple song.

Materials

Paper plates
Brown construction paper
card stock
Red and green paint

Cinnamon
Glue
Smocks

* mix about 1 or 2 tsp of cinnamon into red paint. Don't add too much, or else paint will become paste-like.

Instructions (hand-over-hand assistance where needed)

1. Students paint paper plate with red cinnamon paint. Use larger brushes if desired to help students complete more easily.
2. Help students make a green hand print onto card stock. Cut out (rough outline) to make leaf.
3. Using either glue or tape, assemble apple.
4. As the paint dries, the cinnamon will smell even stronger. Allow students to run their hands over paint for an interesting sensory experience.
