

Lesson Plans for Mr Nelson

	Date: December 2nd thru 6th	
Day	7th Math	8th Math
Mon	Standard: 7.ee.4 Lesson- Rational Number Operation Review Obj: Students will review operations with rational numbers Vocab:	Standard: 8.NS.1, 8.NS.2, 8.EE.2. Instructional Focus 7 Pythagorean Theorem Lesson-Find the perimeter Obj: Students will use pythagorean theorem to find the missing side of a figure and then find the perimeter of that figure. Vocab: irrational numbers, Rational numbers
	Assignment: Operations and Expression with Rat Numbers Worksheet	Assignment: Perimeter of trianges IXL R.3
Tues	Standard: 7.ee.4 Lesson- Rational Number Operation Review Obj: Students will review operations with rational numbers Vocab:	Standard: 8.NS.1, 8.NS.2, 8.EE.2. Instructional Focus 7 Pythagorean Theorem Lesson-Rational vs Irrational Numbers Obj: Students will estimate square roots of numbers Vocab: irrational numbers
	Assignment: Operations and Expression with Rat Numbers Worksheet	Assignment: estimating square roots
Wed	Standard: 7.ee.4 Lesson- Solve Equations with Rational Numbers Obj: Students will solve equations involving positive and negative rational numbers Vocab:	Standard: 8.NS.1, 8.NS.2, 8.EE.2. Instructional Focus 7 Pythagorean Theorem Lesson-Rational vs Irrational Numbers Obj: Students will estimate square roots of numbers Vocab: irrational numbers
	Assignment: Solving Equations with Fractions	Assignment: Pythagorean Theorem
Thur	Standard: 7.ee.4 Lesson- Solve Equations with Rational Numbers Obj: Students will solve equations involving positive and negative rational numbers Vocab:	Standard: 8.NS.1, 8.NS.2, 8.EE.2. Instructional Focus 7 Pythagorean Theorem Lesson-Rational vs Irrational Numbers Obj: Students will estimate square roots of numbers Vocab: irrational numbers
	Assignment: Class Activity - IXL	Assignment: Pythagorean Theorem
Fri	Standard: 7.ee.4 Lesson- Solve Equations with Rational Numbers Obj: Students will solve equations involving positive and negative rational numbers Vocab:	Standard: 8.NS.1, 8.NS.2, 8.EE.2. Instructional Focus 7 Pythagorean Theorem Lesson-Rational vs Irrational Numbers Obj: Students will estimate square roots of numbers Vocab: irrational numbers
	Assignment: Quiz - Rational numbers and Equations	Assignment Quiz
