

# Macromolecule Scavenger Hunt

Your Name and Hour

Upload one or more photos to each of the following slides.

You can change fonts and backgrounds. Up to you. But this is not part of your score for the assignment.

Your score will be determined by the photo you upload and if you correctly identify the lipids, carbohydrates, or proteins that are asked for in each slide.

When you have completed the uploads, submit your assignment to classroom.

A selfie with a food that has high fructose corn syrup as an ingredient.

CHOOSE IS THIS A

PROTEIN

CARBOHYDRATE

LIPID

Something from your house is not a food or beauty product that contains an oil or wax (look in your garage, shed or barn).

CHOOSE IS THIS A

PROTEIN

CARBOHYDRATE

LIPID

A beauty product that contains keratin, collagen or elastin.
