\*This course can replace Intro to Speech/Debate & Research based on *teacher recommendation*. The student must have completed or be currently enrolled in honors chemistry. This is based on availability.

\*\*This course can replace Entrepreneurship based on *teacher recommendation*. The student must have completed geometry or honors geometry. This is based on availability.

\*\*\*DCC courses will give students one magnet elective credit per year.

In order to earn magnet distinction upon graduation, students must:

- Complete **two** required courses (R) and **three** additional courses (electives) in the focus area
- Complete a portfolio (which includes a research paper for Law students and a class project for Business/Finance students)
- Complete one additional requirement
  - \* Participate in an internship/field experience
  - \* Complete two years with Mock Trial Team/FBLA.
  - \* Complete an additional class in focus area
  - \* Develop a product within focus area (See Mrs. Rowan for ideas)

**Contact Mrs. Rowan or your counselor for more information.**
