APR 10~ School Resumes

APR 17~ Regular Board of Education Meeting, 6:00 PM, CFAC

B. Update on building security plans

C. Other

XIII. BOARD COMMENTS

XIV. PRESIDENT COMMENT

XV. ACTION ITEMS

A. Approve Purchase of 3 Pre-owned buses

Background: Holland Bus has several 2016, 77-passenger Blue Bird buses on the lot. These buses have approximately 50,000 miles on them and should last nine more years. Cost for 3 buses \$183,000 and would be paid for out of our capital projects fund. We have explored the cost of leasing new buses but the cost is prohibitive, especially given the current interest rates. It is important we make a decision soon to be ready for the Spring sports season.

B. Approve New Textbook for 7th grade Social Studies

Background: Switching to TCI for the 7th grade social studies text will positively impact students as this resource aligns with the 6th and 8th grade texts. Students at the middle school also use TCI text for science and so they are familiar with the tools, activities and style of TCI. The current resource for 7th grade social studies is over 10 years old.

C. Approve New Textbook for AP Economics

Background: The College Board has revised the AP Macroeconomics curriculum twice over the past three years, once regarding the format of the course, and once regarding the content covered on the exam. The adoption of an updated textbook will allow the materials given to students to accurately reflect those changes. For the past nine years, we have used the first edition of “Krugman’s Economics for AP” by Anderson and Ray. Updating to the 4th edition would allow course materials to cover the necessary content, as well as bring our course structure into alignment with the College Board.

D. Approve New Course, AP World History

Background: This course is considered an introductory college-level AP course. We believe that this course will appeal to students at all grade levels, but will eventually become the preferred first AP course for students to take, even as early as 9th grade. Taking this course will help to prepare students for the rigors of other more challenging AP courses they may wish to take later in their HS career. The proposed text is Bentley Traditions and Encounters, AP Edition. We would like to purchase 30 copies of the textbook.

E. Approve New Course, Exploring Technology

Background: This class is intended for students who have an interest in Technology and how things work. The class will combine background knowledge from math, science, and computers to connect those subjects to real-world applications. The class will also provide a gateway into other classes offered at the high school along with developing interest in a few of our extracurricular clubs that are offered. Students may have the opportunity to submit their projects to regional and state competitions. Currently, there are over 40 students interested in the course.

F. Approve New Course, Musical Theater

Background: Allendale High School currently holds a budding musical theater program. In 2022, AHS put on the musical Bye Bye Birdie. Around 17 students were on stage singing, dancing & acting. In 2023, around 30 students are preparing to sing, dance & act in Allendale High School’s spring production of Little Shop of Horrors. Including a musical theater course in the AHS schedule will allow students to expand on their performing arts skills. This course will give students the confidence to audition for APS Theatre productions and more.

G. Approve the High School Music Department Field Trip to New York

Background: Mrs. Bolton and Mr. Broom, our choir and band directors respectively, are trying to continue building enthusiasm for our musical programs. This trip would be educational in nature, and feature trips to see two Broadway productions, such as trips to the Empire State Building and the Museum of Natural History.

H. Approve the Middle School Music Department Field Trip to Chicago

Background: The field trip request is for 8th grade band and choir to experience cultural and performing arts in a professional theater. The experience helps students understand live musical theater and many of the components included in performing arts.

I. Approve Changes to Board Policy #5310

Background: The recommendation is to add an additional line at the end of the policy to provide better clarification pertaining to invasive physical examinations.

J. Approve Changes to Board Policy #3112

Background: The change to this policy adds clarity to the communication process.

K. Approve Changes to Board Policy #2340

Background: The current wording of the policy sometimes creates issues because teams, both athletic and co-curricular, earn trips to advanced competitions with short notice, making it difficult to get Board approval in time. Due to this, most districts do not ask the Board to approve overnight trips within the State. The revised wording proposed would make that adjustment.

L. Closed Session - Negotiations

XVI. ADJOURNMENT
