## Important Message: Car Rider Line Safety

Parents: In the morning as you approach the car rider line, it is very important that you pull your vehicle all the way forward to the front of the line (end of sidewalk near the bus lot) before stopping to let your child/ children out. Some students prefer to enter at the front of the building, while others prefer the side entrance. However, for safety reasons, everyone must pull up all the way forward and once the line stops moving, then your child needs to exit your vehicle.

Also, all visitors must sign in at the front office and get a visitor badge before proceeding down either hallway.

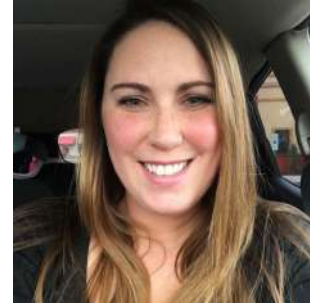

Thank you in advance for helping to keep our students safe by following our safety procedures.

# Staff Spotlight for March

Mrs. Selvidio - 1<sup>st</sup> Grade

**Hometown:** Marshville, NC

**Name of your 1<sup>st</sup> grade teacher:** Mrs. Bales

**City you would like to visit:** Any city in Italy

**Favorite sport/team to watch:** Duke basketball

**How long have you worked at Fairview:** 15 years

**College:** University of North Carolina at Charlotte

**Favorite restaurant:** On The Border - I love anything spicy!

**Why did you become a teacher?:** I've loved working with children since I was in middle school. I was a 4H camp counselor and worked with kids at my church. In high school, I tutored students at a local elementary school and loved helping them learn to read. I knew I wanted to do that as a career, and I've never looked back!

**Favorite thing to do when not at school:** Spend time with my 2 children. We love going to the park, Lake Tillery and the beach.

**Silliest fact about you:** I love to do the voices of the characters in the Junie B Jones book series when I read aloud to my class. I try to think what they'd sound like in real life. My class thinks it's hilarious!

**Most rewarding part about being a teacher:** For me the most rewarding part of teaching is seeing the smiles on my students' faces (and the hugs I get) when they realize they can do something that they didn't think they could do. In first grade they make huge leaps in what they are able to do from the beginning of the year until the end, and it's a joy to be a part of the beginning of their education.
