

Chapter 31 Functions of Packaging
40% Test category

You may create a Google Doc or slideshow to illustrate your understanding of the functions of packaging. You may write an essay or use bullet points on the slide show.

Name and explain four of the six functions of packaging as found on pages 739-743. Find a food container or other type of package for a product currently being sold. Take photos of all sides of the packaging and include it in your finished project.

Explain whether the product's packaging adequately fulfills the four packaging functions you identified. You should include facts about the functions from the textbook.

Topic	Points Possible	Received
Photos of the package	5	_____
Function One Facts/Package	5	_____
Function Two Facts/Package	5	_____
Function Three Facts/Package	5	_____
Function Four Facts/Package	<u>5</u>	_____
TOTAL	25	_____
