April 13, 2020

Message from teacher: Hello Students and Parents,

First of all, I have to say that I miss you all. This is a strange time for all of us. However, I believe we can still gain a lot from the learning that will take place over the next several months. Although these are new waters to navigate, we are implementing a plan to make sure your learning opportunities are many.

First, all of my classes will be set up on Google Classroom. There will be a video with me giving instructions every Monday, and it is important for students to watch that video. It will be short. The work for the week will consist of some online learning and some getting out and getting your hands dirty.

Second, we will more than likely set up some Google Hangouts once a week to simply be able to meet face to face as a class. It is an easier way to answer questions in a large setting. That way I'm not answering the same question fifteen times via email.

Third, all communication will need to go through your school email. In addition, we have been asked to call our advisory students once or twice a week. I would also love to hear from the students in my regular classes, as well. The more of that we can do over email, the better.

There will be much more that will come up as we move forward, but we can cross those bridges when we get to them.

If you have any questions, please email me, or you may reach me at 541-377-6834.

Take care, Mr. Campbell

Period 1 Advanced Metals--Log into your school account, and then log into Google Classroom. Your classroom code is hnw72cx. This will go live, Monday April 13.

Period 2 Ag I--Log into your school account, and then log into Google Classroom. Your classroom code is zd2dxcj. This will go live, Monday April 13.

Period 3 Metals I--Log into your school account, and then log into Google Classroom. Your classroom code is n3kszel. This will go live, Monday April 13.

Period 4 Metals I--Log into your school account, and then log into Google Classroom. Your classroom code is n3kszel. This will go live, Monday April 13.

Period 5 Advanced Metals--Log into your school account, and then log into Google Classroom. Your classroom code is hnw72cx. This will go live, Monday April 13.

Period 6 Ag I--Log into your school account, and then log into Google Classroom. Your classroom code is zd2dxcj. This will go live, Monday April 13.
