Done!

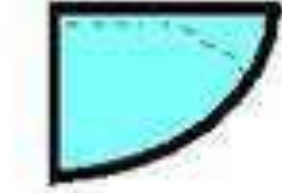

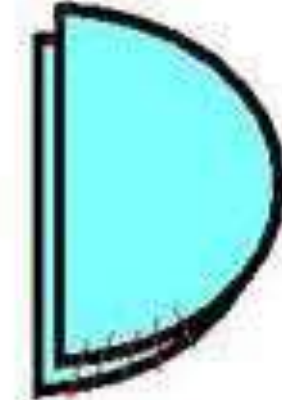

Making a Surgical Mask.

x two

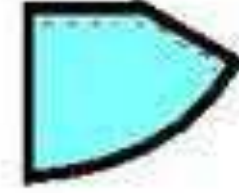

fold in half

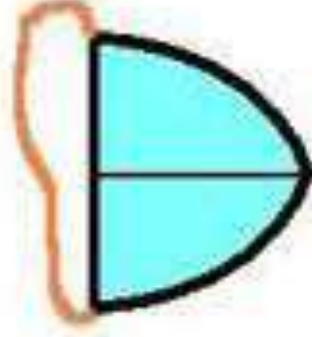

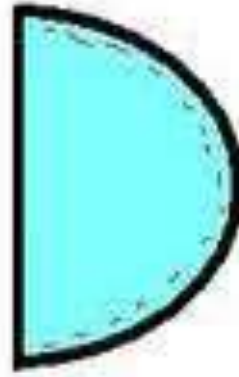

sew shuttm keeping top open. Then flip to cover seam.

Sew straight down, tight along the folded line, until you reach your marked nose line.

roll in raw edge, and sew shut, remaining as close to edge as possible.

Cut awak excess material.

sew tightly around fipped edges to give mask a even look

attatch elastic to very top of the inside of the ask. Only one is
