2-dimensional Shape Attributes				
Picture of Figure	**Name of Figure**	**Number of Sides**	**Number of Angles**	**Special Attributes**
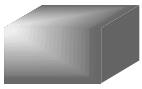
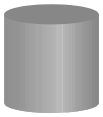
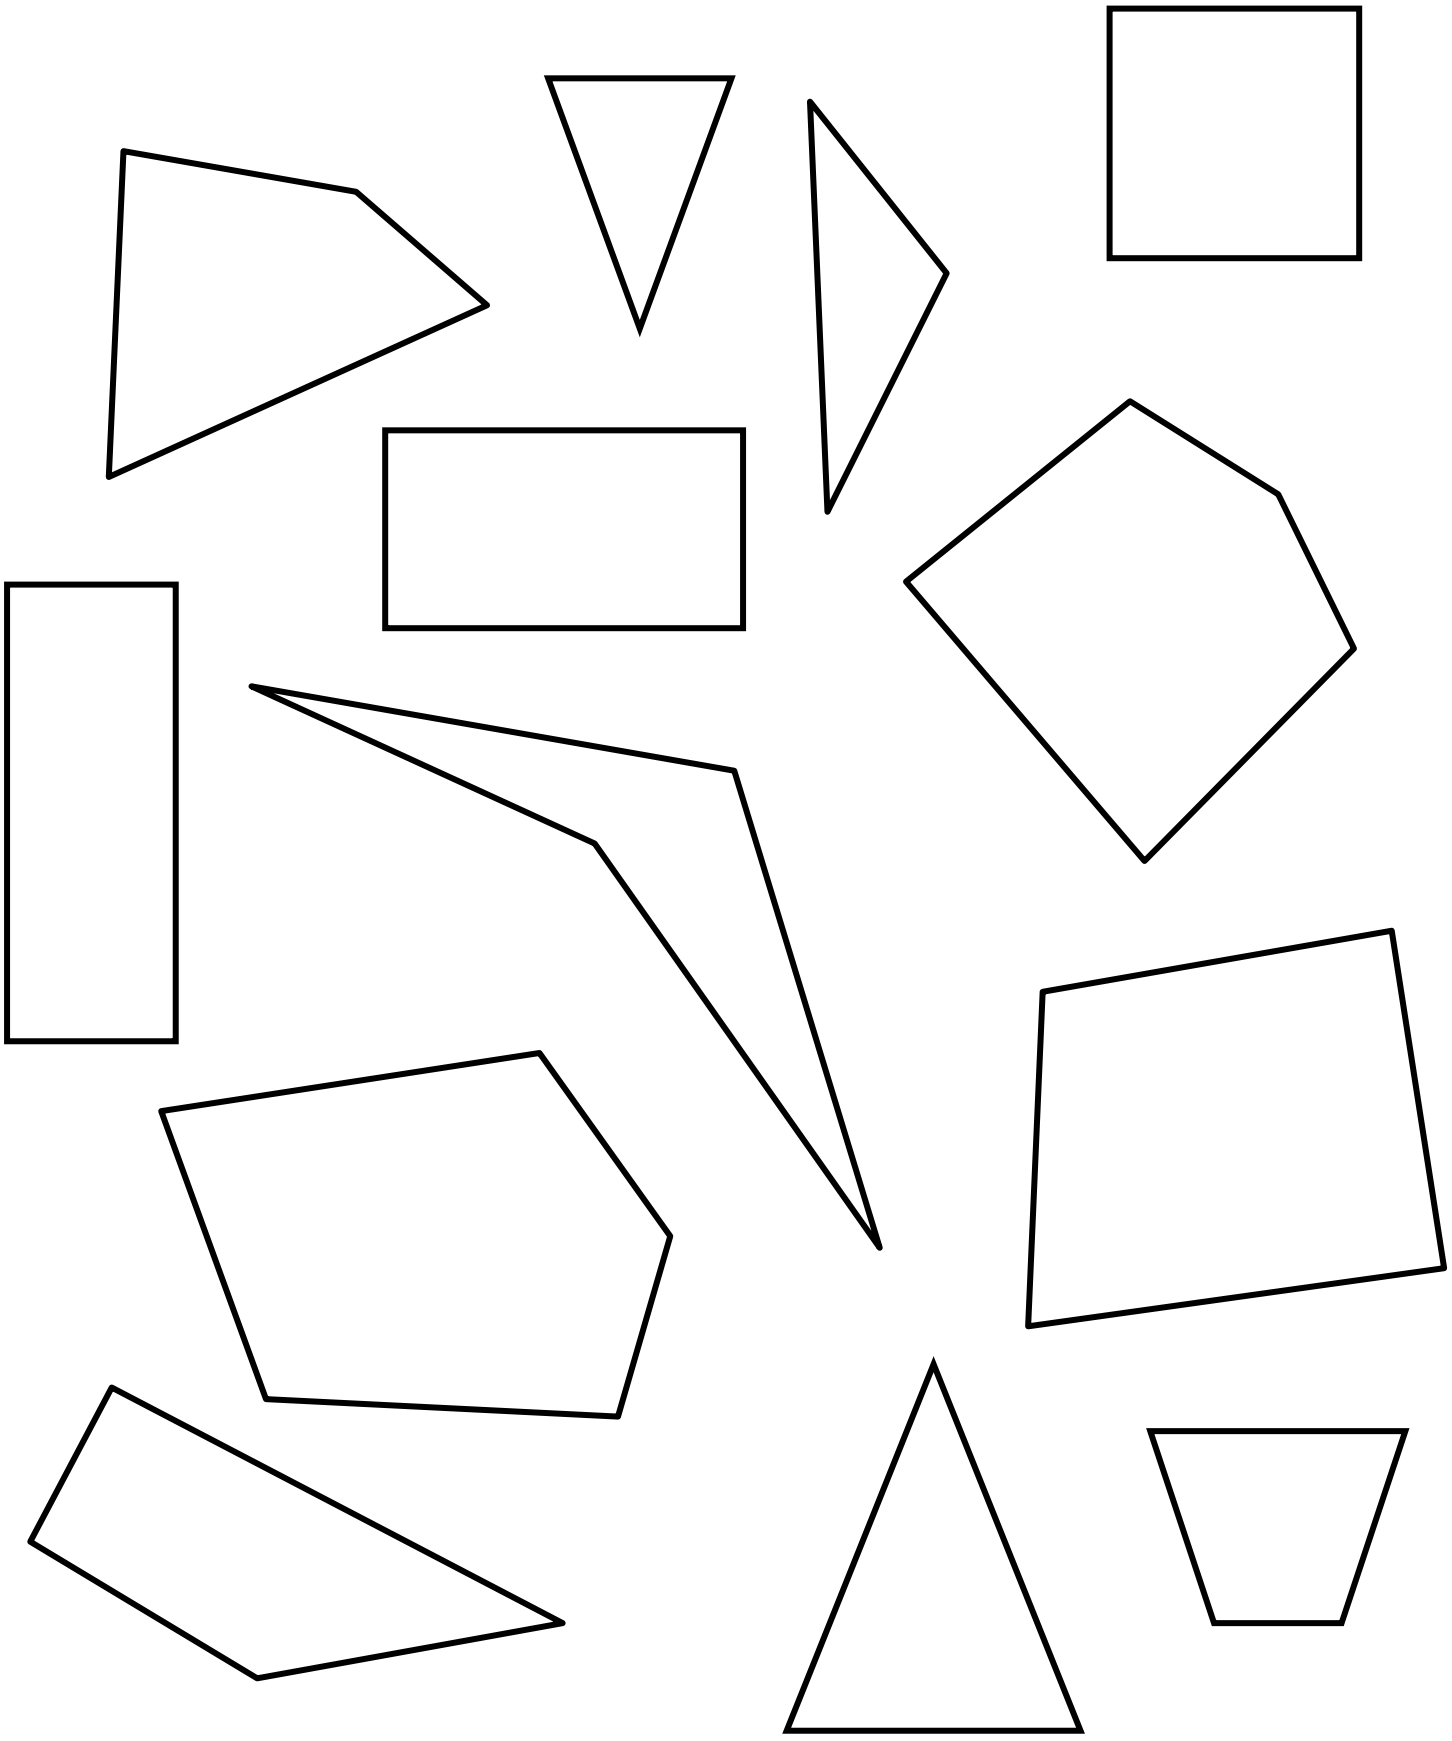
	*circle*	*0*	*0*	*round, no straight sides*
	*triangle*	*3*	*3*	*3 sides, lengths of sides and sizes of angles can vary*
	*quadrilateral*	*4*	*4*	*4 sides, lengths of sides and sizes of angles can vary*
	*pentagon*	*5*	*5*	*5 sides, lengths of sides and sizes of angles can vary*
	*hexagon*	*6*	*6*	*6 sides, lengths of sides and sizes of angles can vary*

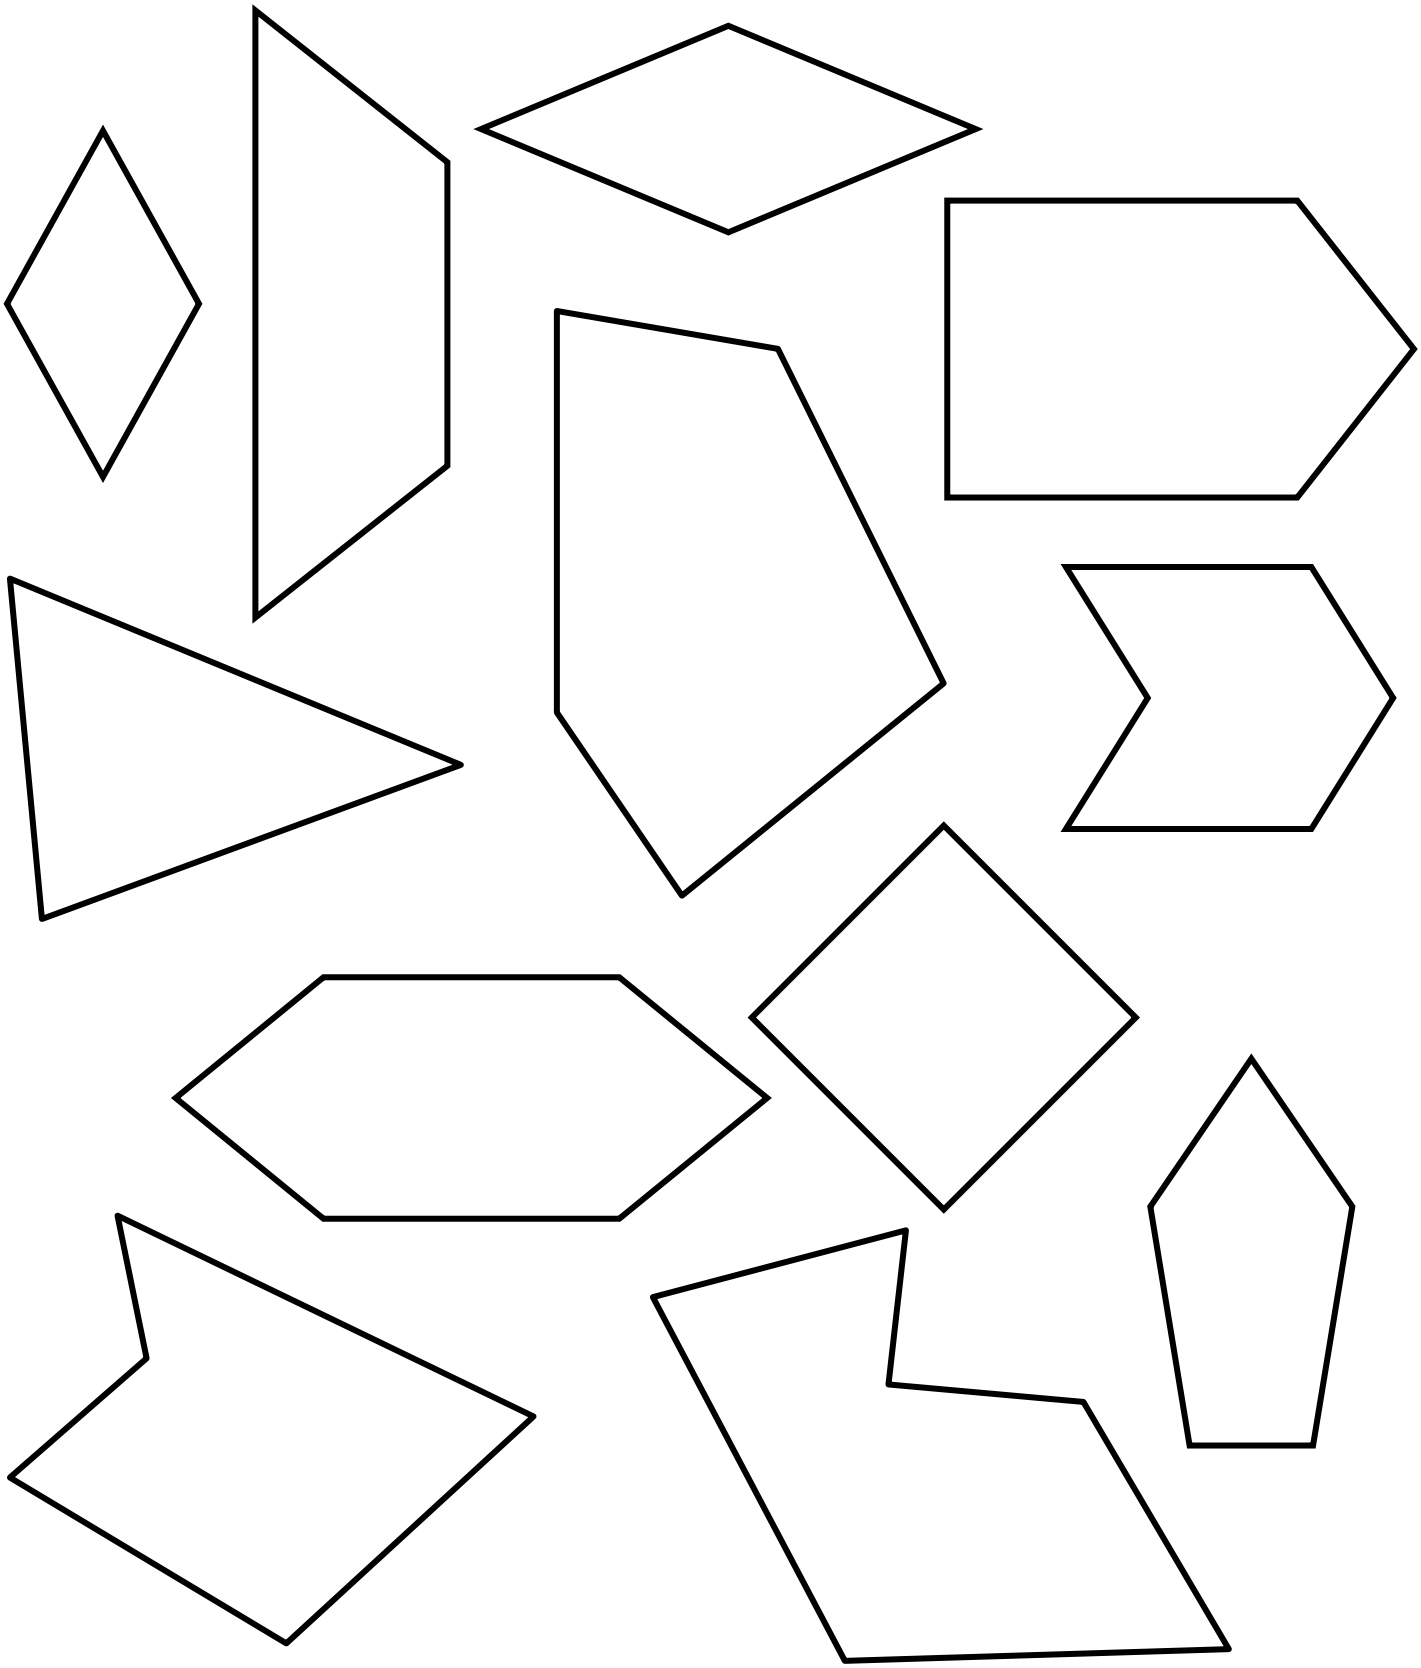
3-dimensional Shape Attributes					
Picture of Figure	**Name of Figure**	**Number of Faces**	**Number of Edges**	**Number of Vertices**	**Shape of Faces**
					
					
					
					
					
					

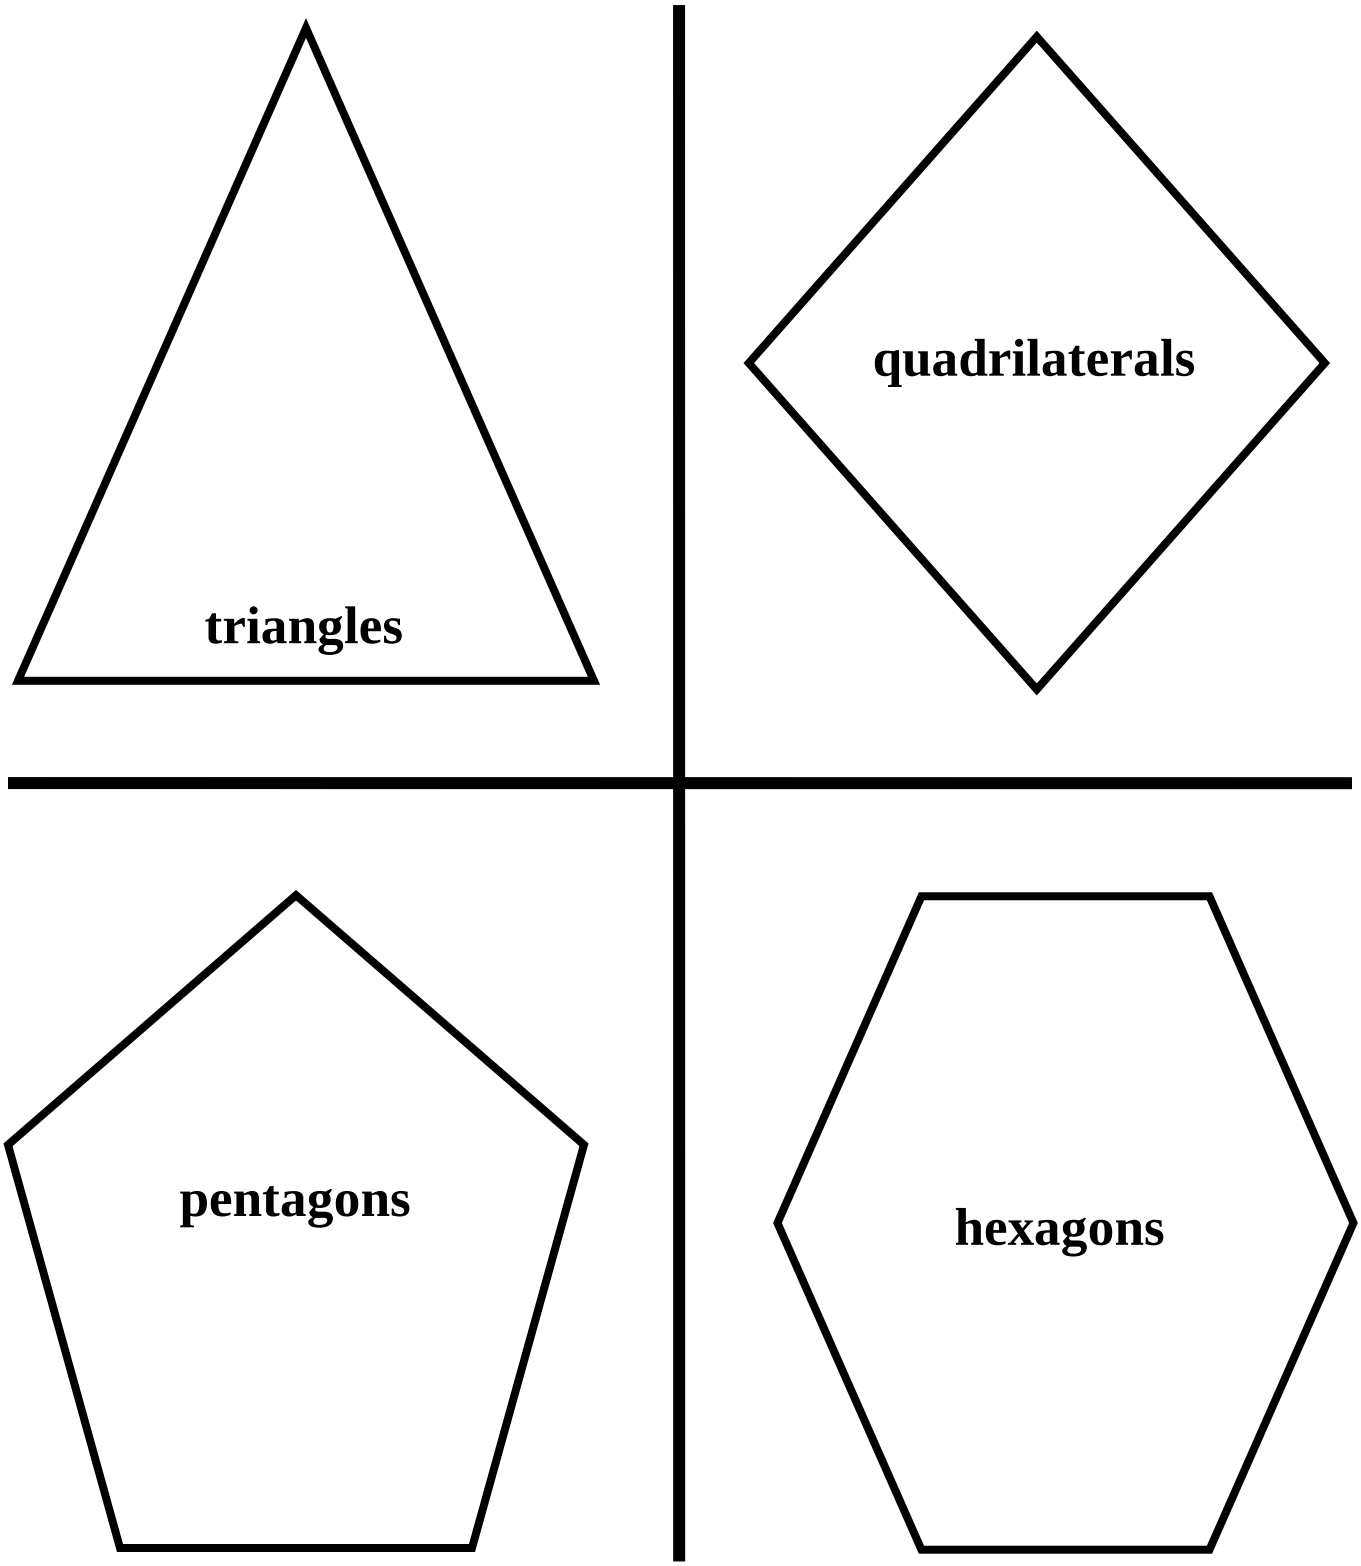




3-dimensional Shape Attributes					
Picture of Figure	**Name of Figure**	**Number of Faces**	**Number of Edges**	**Number of Vertices**	**Shape of Faces**
	*cube*	*6*	*12*	*8*	*all squares*
	*rectangular prism*	*6*	*12*	*8*	*squares and/or rectangles*
	*cylinder*	*2*	*0*	*0*	*circles*
	*cone*	*1*	*0*	*1*	*circle*
	*sphere*	*0*	*0*	*0*	*none*
	*rectangular pyramid*	*5*	*8*	*5*	*triangles, base can be a quadrilateral*







triangles
quadrilaterals
pentagons
hexagons

Use 4 cubes. One-fourth of the tower is red. Two-fourths of the tower is green. The rest of the tower is blue. What fraction of the tower is blue?
Build a tower that has six cubes. Two-sixths of the tower is red. Three-sixths of the tower is green. The rest of the tower is yellow. What fraction of the tower is yellow?
Use 4 cubes. Three-fourths of the tower is yellow. The rest of the tower is green. What fraction of the tower is green?
Build a tower that has five cubes. Two-fifths of the tower is green. One-fifth of the tower is blue. The rest of the tower is red. What fraction of the tower is red?
Use 5 cubes. One-fifth of the tower is blue. One-fifth of the tower is yellow. The rest of the cubes are green. What fraction of the tower is green?
Build a tower with six cubes. One-sixth of the tower is green. Three-sixths of the tower is yellow. The rest of the tower is blue. What fraction of the tower is blue?
