9 +6	<div> <div>FITNESS</div> <div>MATHOPOLY</div> <div>2nd & 3rd Grade Edition</div> <div> <div>  All you need is 1 dice, this game board, your PE Kit, and your math brain.  Use anything small as a game piece and begin on "Start".  Roll the dice, move your game piece that many spaces, and solve the math problem or get moving.  Whenever you pass "Start" give yourself a point and get a drink of water.  Try to reach 2 points each day. You can even play a friend or family member. </div> <div> <div>CHANCE</div> </div> </div> </div>									563 -121
