MAY 2017 ECLC AND ROOSEVELT BOARD REPORT

Valery Fuhrman, ECLC and Elementary Principal

District Mission: "With community involvement, we will empower learners to become contributing members to our changing world"

District Goal Actions

1: Implement a successful 1:1 **technology** initiative to enhance student learning, instruction, and achievement.

- Mrs. Ducommun provided PD for us on 4/26/17 to share additional tech resources/activities.
- Mrs. Burch has begun using a new app called Show Me to capture student thinking/responding.

2: Increase implementation and alignment of **Iowa Common Core** curriculum utilizing Characteristics of Effective Instruction (**S**tudent Centered-Teaching for Learner Differences-**A**ssessment for Learning-**R**igor and Relevance-Teaching for Understanding).

- Math curriculum is in the process of negotiating for the textbook costs and the "extras" that come with it.

3: Improve **communication** between all stakeholders in the district that will promote an atmosphere that encourages positive relationships.

- Wrapping up the year with a lot of field trips: museum, local farm, Villa nursing home, library, parks for class picnics, vet clinic, Martin's Access, Barnes', pen pal visits
- On 5/18/17 the 4th grade will be hosting their State Fair Presentations
- Please join us: Volunteer Recognition 5/23/17 at 7:30 AM in the Roosevelt library.

Other Notes:

- Spring FAST Assessments will be completed this week.
- Iowa Assessment Results: This table shows the number of students in () and then the % of the class.

	2nd Grade			3rd Grade			4th Grade

Chromebook and 1:1

COMPUTER LAB – WE HAVE KEPT THE LAB GOING EVEN THOUGH THE COMPUTERS ARE OLD. IN OUR THINKING, IT IS IMPORTANT TO KEEP THE LAB SINCE THOSE COMPUTERS HAVE SOME CAPABILITIES BEYOND THE STUDENT DEVICES. SOME DECISIONS ARE GOING TO BE MADE CONCERNING THE LAB IN THE FUTURE.

Iowa Common Core

THE SCIENCE TEACHERS WORKED ON SATURDAY MORNING TO ALIGN THE NEXT GENERATION STANDARDS WITH THEIR CURRICULUM. THE STATE HAS RELEASED REQUIREMENTS FOR EACH GRADE LEVEL SO OUR CURRICULUM HAS TO BE ADJUSTED. THE STATE HAS ALSO ESTABLISHED THE PROCESS TO TEACH SCIENCE THAT INCLUDES MORE MATH, WRITING AND CROSS-CURRICULAR ASPECTS. THEY HAVE DONE A GREAT JOB OF REORGANIZING TO MEET THESE NEW STANDARDS.

Cherokee Community School District

District Mission

"With community involvement, we will empower learners to become contributing members to our changing world.

- April 26th the high school was going to take part in EcoFest with the city and help clean up various areas around town. Due to the wet and cold weather, the event was cancelled.
- Mrs. Alquist and the WHS Publications class helped the Cherokee PTA take pictures of elementary and middle school students as part of a fundraiser for the PTA.

District Goals

Implement a successful 1:1 technology initiative to enhance student learning, instruction, and achievement.

- Mr. Halder is planning on improving the infrastructure issues with the Internet this summer. Internet connectivity has improved this school year but we hope to eliminate connectivity issues all together. Bill and Andy have been both great additions to our staff.
- Mrs. Ducommun will be having a CCSD Tech Symposium this summer June 26-30th at CCSD. Staff can sign up for 2 days and receive 1 credit or sign up for 2 days and receive 2 credits. The 5 days will cover a variety of topics such as Google Drive, Google Photos, Google Classroom, Video Creation, Virtual Field Trips, and more. This is a great opportunity for our staff to be able to do some professional development close to home.

Increase implementation and alignment of Iowa Common Core curriculum utilizing Characteristics of Effective Instruction.

Improve communication between all stakeholders in the district that will promote an atmosphere that encourages positive relationships.

- Senior Awards Night will be May 16th at 6:30 pm in the WHS Auditorium.
- Senior's last school day will be May 17th. They will need to turn in all books, computer, and pay all fines.
- Graduation practice will take place Friday May 19th at 8:30 am in the WHS Gymnasium. Seniors will pick up their cap and gown after practice when everything is taken care of on their check out sheets.
- Class of 2017's graduation ceremony will be May 21st at 2:00 pm in the WHS Gymnasium.
- Semester tests for grades 9-11 will take place May 30, 31, and June 1st.

May Board Meeting Report

Instructional Coaches

● IC Successes

- Due to scheduling conflicts, we were unable to meet with Gary Richardson to wrap up our NYC Leadership year. Neil represented our team and has provided us with notes and suggestions for us to wrap up as an IC team.
- The Math department has made final decisions and Kim is in negotiating processes with the companies.
- We shared CIP observation data with 5-12 teachers at our last PD.
- We continue to collaborate with teachers to empower learners in our district. We have really enjoyed seeing the amazing work that is happening in our district. We are reflecting on this year's goals and progress toward them.
- We have been helping with a lot of the end of year testing in the district. In the past few weeks we have wrapped up FAME testing with the 8th graders, the AP Biology test, TAG testing at WHS, and K-6 FAST and 5-8 MAP. We will use this data to help us progress into next year.
- We are working on Iowa Assessment Data and preparing for the data analysis PD on June 2nd with staff.
- We reflected on our year and our progress toward the district and TLC goals in our TLC reflections.
- We have had a wonderful time planning and preparing for making our teachers feel appreciated during Teacher Appreciation Week (May 8-12).

● Looking ahead...

- We thank all of our AEA partners and staff for their assistance throughout the school year.
- We'd also like to thank our administration and staff for making this transition year go so well.
- Linda is offering a tech symposium class the week of June 26-30 for CCSD staff. There will be many tech offerings for teachers to choose from. Teachers are also able to attain licensure renewal credit for their learning and collaboration time.
- We look forward to preparing for the next school year.

Notes for the Board from the Superintendent – May 2017

Cherokee Community School District: *Empowering Learners*

Standards for Effective School Boards

May Standard: Sustain and enhance district resources through planning and fiduciary oversight by monitoring and evaluating the financial health of the district; ensuring accountability and transparency in board decision making; ensuring strong financial planning for the district; ensuring the district budget aligns with district goals and multi-year plans; ensuring sufficient risk management is in place to protect district resources; and ensuring school facilities enhance and enrich student and staff learning.

The Iowa School Board Standards are designed for use by local school boards as common framework for excellence in school board governance. Based on best practice and research, the standards encourage boards to focus on student achievement as their primary responsibility. *Iowa Association of School Boards*

Notes for the Board from the Superintendent – May 2017

Cherokee Community School District: *Empowering Learners*

- Breakfast numbers are 199 on Tuesdays (Whole Grain Long John day) – goal is to hit 200!
- This week was health week at Roosevelt and I did sampling on the 9th of fresh fruits and Vegetables and the kids loved it! I am receiving great email and texts from parents saying that their kids are talking about it at home!
- Also Valery and Jim have done a wonderful job putting a Wellness Week together, and we are filling the holes that we have in our wellness policy guidelines, where we were lacking health and wellness education at Roosevelt.
- I am finishing up the Wellness Policy for board review next month.
- Milk and bread bids are in and I will have them put together for you next month.
- Summer breakfast planning is in full swing! It will be at CMS again this year, Monday - Thursday, 11:15-12:30. Free prizes daily, coordinating bus routes with Mike, and we will have the librarian from public library there on Thursdays!
- Keeping busy in the kitchen with lots of sport sack lunches, and field trips!
- News from Transportation Director, Mike Wiederholt
 - Spring sport rush is ending – Field trips are growing
 - Bus inspection coming up and always looking for activity drivers

Strategic Planning – Finance Update

- Financials included in board packet
- Secretary/Treasurer's Report – on the agenda
- Negotiations – on the agenda

Building, Grounds, and Capital Projects Update

- Closed Session – on the agenda
- News from Jeff Miller, Building and Grounds Director
 - Mowing season is in full swing, lacking help and extra rain, so sorry if there are shaggy areas
 - High School/Central Office swap is a go – busy ordering/scheduling
 - CMS pods should be carpeted this weekend if all goes as planned

Spring 2017 Student Advisory Groups - Summaries

RES

What are you proud of? Snow mountains, right amount of homework, nice teachers, good lunch, awesome music and PE, fun recess, good friends

What would you change? Rude behavior, pizza would be every day, recycle in the lunchroom, two field trips per week, more recess/play equipment, more dessert at lunch, more recess time, use technology more - especially Chromebooks, don't throw milk that people do not drink away, make everything pink or Iowa State, put snack bars in the hallways, don't feel that we are learning enough - need more new stuff

CMS

What are you proud of? Athletic teams, good grades, everybody knows everybody, can always get help from teachers, really no problem with bullying, really no problem with drugs, orange chicken for lunch

What would you change? Two entree choices for lunch, get a slushie machine for lunch, more choices in PE, less homework, bells (too loud), fighting on buses, bad language on buses, bring book bags to class, use Chromebooks more, take supplies off the supply list because they are not used, more time outside, eat a sack lunch outside when the weather is nice, get rid of 8th grade dating drama

WHS

What are you proud of? Sports, grades, and sexting is not as big of a problem anymore

What would you change? Need spring break, more days off, eliminate homeroom at the end of the day because nobody uses it and make lunch time longer, passing times between periods needs to be longer for restroom breaks because some teachers won't allow restroom breaks, maybe get a reward for not using passes, semester testing exemptions for good grades without missing work and good behavior, some kids go too far when messing around with each other and smack talk, some kids do stupid things for a laugh, drugs and alcohol are a Cherokee problem

IASB - 2017 Legislative Session Wins

The 2017 legislative session was punctuated by debate on controversial items like collective bargaining and a state revenue picture that was less than ideal. However, the session did result in some key wins for IASB and K-12 education. These include:

1. **A quick decision on state aid for schools:** While state aid was not the amount districts needed; districts knew early in the session in order to plan their budgets. And, legislators held to that commitment despite lower revenue estimates for the FY 2018 fiscal year. K-12 education was one of the state's few budget areas that saw an increase for the upcoming fiscal year.
2. **K-12 education was held harmless in \$250 million dollars worth of state budget cuts:** Legislators did not reduce previous commitments to K-12 education through two rounds of reductions for the FY 2017 (current) fiscal year and maintained those commitments for the FY 2018 (upcoming) fiscal year.
3. **Categorical Flexibility:** Two bills passed that will give districts more flexibility to make local decisions about how to use carry-over funds in certain categorical programs. These bills also give increased options for allowable expenditures
4. **Home Rule:** The legislature granted a limited home rule authority to districts to give local boards more decision-making power when state law does not specifically prohibit certain activities.
5. **Limitation on the DE:** The legislature clearly indicated that the DE was to give wide latitude to the decision-making authority of districts when issuing rules or guidance. More importantly, the legislature prohibits the issuance of legally-binding guidance (outside the public rulemaking process) that is not expressly authorized by statute. Now, when districts ask for guidance, it will have the force of law unless the DE enters into the formal rulemaking process.
6. **Repeal of 3rd Grade Retention law and mandatory intensive summer reading programs:** The legislature did not lessen its commitment to ensuring that all third grade students are proficient in reading but it did eliminate a controversial requirement that those deemed not proficient be held back. In addition, the legislature eliminated the state requirement that districts provide intensive summer reading assistance to non-proficient students. This step recognizes that the expense of such programs is beyond the reach of many districts.
7. **Aligned Assessment:** This issue falls into the category of a reluctant win. Legislators unhappy with the work of the DE task force to select a new assessment delayed its implementation by one year. Despite considerable pressure to select the next generation Iowa tests, the legislature instead gave full authority to the DE to issue a request for proposals to select the new assessment, clearly outlining the requirements for evaluating those submissions. The process does not have a pre-determined outcome, as many legislators had hoped, and will ensure a new assessment is implemented for the 2018-2019 school year.

STUDENT PROGRESS REPORTS AND CONFERENCES

Students will receive a progress report at the end of each nine-week grading period. Students, who are doing poorly, and their parents, are notified prior to the end of the semester in order to have an opportunity to improve their grade. The board encourages the notification of students who have made marked improvement prior to the end of the semester.

Parent-teacher conferences will be held twice at the elementary and middle school to keep the parents informed. The conferences at the high school are not individually scheduled.

Parents, teachers, or principals may request a conference for students in grades kindergarten through twelve in addition to the scheduled conference time. Parents and students are encouraged to discuss the student's progress or other matters with the student's teacher.

STUDENT PROMOTION - RETENTION - ACCELERATION

Students will be promoted to the next grade level at the end of each school year based on the student's achievement, age, maturity, emotional stability, and social adjustment.

The retention of a student will be determined based upon the judgment of the licensed employee and the principal. When it becomes evident a student in grades kindergarten through eight may be retained in a grade level for an additional year, the parents will be informed. It is within the sole discretion of the board to retain students in their current grade level.

Students in grades nine through twelve will be informed of the required course work necessary to be promoted each year. When it becomes evident a student in these grades will be unable to meet the minimum credit requirements for the year, the student and parents will be informed. It is within the sole discretion of the board to retain students in their current grade level and to deny promotion to a student.

Students in grades kindergarten through twelve with exceptional talents may, with the permission of the principal and parents, take classes beyond their current grade level. Enrichment opportunities outside the school district may be allowed when they do not conflict with the school district's graduation requirements.

STUDENT HONORS AND AWARDS

The school district will provide a program that establishes honors and awards including, but not limited to, academic letters, scholarships and good citizenship awards for students to assist students in setting goals. Students are made aware of honors and awards and the action necessary on the part of the student to achieve them. Students who have not attended an accredited public or private school for their entire high school education, will not be eligible for honors and awards.

It is the responsibility of the superintendent to develop the administrative regulations regarding this policy.

TESTING PROGRAM

A comprehensive testing program is established and maintained to evaluate the education program of the school district and to assist in providing guidance or counseling services to students and their families.

No student is required, as part of any applicable program, to submit to a survey, analysis or evaluation that reveals information concerning:

- political affiliations or beliefs of the student or student's parent;
- mental or psychological problems of the student or the student's family;
- sex behavior or attitudes;
- illegal, anti-social, self-incriminating or demeaning behavior;
- critical appraisals of other individuals with whom respondents have close family relationships;
- legally recognized, privileged and analogous relationships, such as those of lawyers, physicians and ministers;
- religious practices, affiliations or beliefs of the student or student's parent; or
- income, (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

It is the responsibility of the board to review and approve the evaluation and testing program.

GRADUATION REQUIREMENTS

Students must successfully complete the courses required by the board and Iowa Department of Education in order to graduate.

It shall be the responsibility of the superintendent to ensure that students complete grades one through twelve and that high school students complete required credits prior to graduation. The following credits will be required:

Class of 2008	47
Class of 2009	47
Class of 2010	48
Class of 2011	48
Language Arts	8 credits
Science	6 credits
Mathematics	6 credits
Social Studies	6 credits
Physical Education	8 semesters (maximum of 4 credits)
Electives	18 Credits

The required courses of study will be reviewed by the board annually.

Graduation requirements for special education students will be in accordance with the prescribed course of study as described in their Individual Education Program (IEP). Each student's IEP will include a statement of the projected date of graduation at least 18 months in advance of the projected date and the criteria to be used in determining whether graduation will occur. Prior to the special education student's graduation, the IEP team shall determine whether the graduation requirements have been met.

EARLY GRADUATION

Generally, students will be required to complete the necessary course work and graduate from high school at the end of grade twelve. Students may graduate prior to this time if they meet the minimum graduation requirements stated in board policy.

A student who graduates early will no longer be considered a student and will become an alumnus of the school district. However, the student who graduates early may participate in commencement exercises.

COMMENCEMENT

Students who have met the requirements for graduation will be allowed to participate in the commencement proceedings provided they abide by the proceedings organized by the school district. It is the responsibility of the principal to solicit input from each graduating class regarding the proceedings for their commencement.

Failure of a student to participate in commencement will not be a reason for withholding the student's final progress report or diploma certifying the student's completion of high school.

STUDENT RECORDS ACCESS

The board recognizes the importance of maintaining student records and preserving their confidentiality. Student records containing personally identifiable information are kept confidential at collection, storage, disclosure and destruction stages. The board secretary is the custodian of student records. Student records may be maintained in the central administration office or administrative office of the student's attendance center.

Parents and eligible students will have access to the student's records during the regular business hours of the school district. An eligible student is a student who has reached eighteen years of age or is attending an institution of postsecondary education at the post high school level. Parents of an eligible student are provided access to the student records only with the written permission of the eligible student unless the eligible student is defined as a dependent by the Internal Revenue Code. In that case, the parents may be provided access without the written permission of the student. A representative of the parents or eligible student, who has received written permission from the parents or eligible student, may inspect and review a special education student's records. Parents, other than parents of an eligible student, may be denied access to a student's records if the school district has a court order stating such or when the district has been advised under the appropriate laws that the parents may not access the student records. Parents may inspect an instrument used for the purpose of collection of student personal information prior to the instrument's use.

A student record may contain information on more than one student. Parents will have the right to access the information relating to their student or to be informed of the information. Eligible students will also have the right to access the information relating to them selves, or be informed of the information.

Parents and eligible students will have a right to access the student's records upon request without unnecessary delay and in no instance more than forty-five calendar days after the request is made. Parents, an eligible student or an authorized representative of the parents will have the right to access the student's records prior to an Individualized Education Program (IEP) meeting or hearing.

Copies of student records will be provided if failure to do so would effectively prevent the parents or student from exercising the right to access the student records. Fees for copies of the records are waived if it would prevent the parents or student from accessing the records. A fee may not be charged to search or retrieve information from student records.

Upon the request of parents or an eligible student, the school district will provide an explanation and interpretation of the student records and a list of the types and locations of education records collected, maintained or used by the school district.

If the parents or an eligible student believes the information in the student records is inaccurate, misleading or violates the privacy or other rights of the student, the parents or an eligible student may request that the school district amend the student records. The school district will decide whether to amend the student records within a reasonable time after receipt of the request. If the school district determines an amendment is made to the student record, the school district will make the amendment and inform the parents or the eligible student of the decision in writing.

Approved _____ Reviewed 10/20/2014, 5/15/17 Revised _____

STUDENT RECORDS ACCESS

If the school district determines that amendment of the student's record is not appropriate, it will inform the parents or the eligible student of their right to a hearing before the hearing officer provided by the school district.

If the parents' and the eligible student's request to amend the student record is further denied following the hearing, the parents or the eligible student are informed that they have a right to place an explanatory letter in the student record commenting on the school district's decision or setting forth the reasoning for disagreeing with the school district. Additions to the student's records will become a part of the student record and be maintained like other student records. If the school district discloses the student records, the explanation by the parents will also be disclosed.

Student records may be disclosed in limited circumstances without parental or eligible student's written permission. This disclosure is made on the condition that the student record will not be disclosed to a third party without the written permission of the parents or the eligible student. This disclosure may be made to the following individuals or under the following circumstances:

- to school officials within the school district and AEA personnel whom the superintendent has determined to have a legitimate educational interest, including, but not limited to, board members, employees, school attorney, auditor, health professionals, and individuals serving on official school committees;
- to officials of another school district in which the student wishes to enroll, provided the other school district notifies the parents the student records are being sent and the parents have an opportunity to receive a copy of the records and challenge the contents of the records unless the annual notification includes a provision that records will automatically be transferred to new school districts;
- to the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education or state and local educational authorities;
- in connection with financial aid for which the student has applied or which the student has received if the information is necessary to receive the financial aid;
- to organizations conducting educational studies and the study does not release personally identifiable information;
- to accrediting organizations;
- to parents of a dependent student as defined in the Internal Revenue Code;
- to comply with a court order or judicially issued subpoena;
- in connection with a health or safety emergency; or,
- as directory information.

The superintendent will keep a list of the individuals and their positions who are authorized to view a special education student's records without the permission of the parents or the eligible student. Individuals not listed are not allowed access without parental or an eligible student's written permission. This list must be current and available for public inspection and updated as changes occur.

STUDENT RECORDS ACCESS

The superintendent will also keep a list of individuals, agencies and organizations which have requested or obtained access to a student's records, the date access was given and their legitimate educational interest or purpose for which they were authorized to view the records. The superintendent, however, does not need to keep a list of the parents, authorized educational employees, officers and agencies of the school district who have accessed the student's records. This list for a student record may be accessed by the parents, the eligible student and the custodian of student records.

Permanent student records, including a student's name, address, phone number, grades, attendance record, classes attended, grade level completed and year completed may be maintained without time limitation. Permanent student records will be kept in a fire-safe vault.

When personally identifiable information, other than permanent student records, no longer needs to be maintained by the school district to provide educational services to a special education student, the parents or eligible student are notified. This notice is normally given after a student graduates or otherwise leaves the school district. If the parents or eligible student request that the personally identifiable information be destroyed, the school district will destroy the records. Prior to the destruction of the records, the school district must inform the parents or eligible student the records may be needed by the parents or eligible student for social security benefits or other purposes.

The school district will provide training or instruction to employees about parents' and eligible students' rights under this policy. Employees will also be informed about the procedures for carrying out this policy. It is the responsibility of the superintendent to annually notify parents and eligible students of their right to inspect and review the student's records. The notice is given in a parents' or eligible student's native language. Should the school district collect personal information from students for the purposes of marketing or selling that information, the school district will annually notify parents of such activity.

The notice will include a statement that the parents have a right to file a complaint alleging the school district failed to comply with this policy. Complaints are forwarded to Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, Washington, DC. 20202-4605.

JUVENILE JUSTICE AGENCY INFORMATION SHARING AGREEMENT

Statement of Purpose: The purpose of this Agreement is to allow for the sharing of information among the School District and the Agencies prior to a student's adjudication in order to promote and collaborate to improve school safety, reduce alcohol and illegal drug use, reduce truancy, reduce in-school and out-of-school suspensions, and to support alternatives to in-school and out-of-school suspensions and expulsions which provide structured and well supervised educational programs supplemented by coordinated and appropriate services designed to correct behaviors that lead to truancy, suspension, and expulsions and to support students in successfully completing their education.

Identification of Agencies: This agreement is between the Cherokee Community School District (hereinafter "School District") and Northwest Iowa Mental Health Center dba Seasons Center for Behavioral Health (hereinafter "Agencies").

Statutory Authority: This agreement implements Iowa Code § 280.25 and is consistent with 34 C.F.R. 99.38 (2012).

Parameters of Information Exchange:

1. The School District may share any information with the Agencies contained in a student's permanent record which is directly related to the juvenile justice system's ability to effectively serve the student.
2. Prior to adjudication information contained in the permanent record may be disclosed by the school district to the Agencies without parental consent or court order.
3. Information contained in a student's permanent record may be disclosed by the School District to the Agencies after adjudication only with parental consent or a court order.
4. Information shared pursuant to the agreement is used solely for determining the programs and services appropriate to the needs of the student or student's family or coordinating the delivery of programs and services to the student or student's family.
5. Information shared under the agreement is not admissible in any court proceedings which take place prior to a disposition hearing, unless written consent is obtained from a student's parent, guardian, or legal or actual custodian.
6. Information obtained by the school from other juvenile justice agencies may not be used as the basis for disciplinary action of the student.
7. This agreement only governs a school district's ability to share information and the purposes for which that information can be used. Other agencies are bound by their own respective confidentiality policies.

Records' Transmission: The individual requesting the information should contact the principal of the building in which the student is currently enrolled or was enrolled. The principal will forward the records within a reasonable time following receipt of the request.

Confidentiality: Confidential information shared between the Agencies and the school district will remain confidential and will not be shared with any other person, unless otherwise provided by law. Information shared under the agreement is not admissible in any court proceedings which take place prior to a disposition hearing, unless written consent is obtained from a student's parent. Agencies or individuals violating the terms of this agreement subject their entity represented and themselves personally to legal action pursuant to federal and state law.

JUVENILE JUSTICE AGENCY INFORMATION SHARING AGREEMENT

Amendments: This agreement constitutes the entire agreement among the agencies with respect to information sharing. Agencies may be added to this agreement at the discretion of the school district.

Term: This agreement is effective for the 2016-2017 School Year.

Termination: The School District may discontinue information sharing with an Agency if the School District determines that the Agency has violated the intent or letter of this Agreement.

USE OF STUDENT RECORDS REGULATION

Student records are all official records, files, and data directly related to students, including all material incorporated into each student's cumulative record folder and intended for school use or to be available to parties outside the school or school system specifically including, but not necessarily limited to: dates of attendance; academic work completed; level of achievement (grades, standardized test scores); attendance data; scores on standardized intelligence, aptitude, and psychological tests; interest inventory results; health data; family background information; teacher or counselor ratings and observations; and verified reports of serious or recurrent behavior patterns.

The intent of this regulation is to establish procedures for granting requests from parents for access to their child's records, use of the data, and procedures for its transmittal within forty-five calendar days.

A. Access to Records

1. The parent or legal guardian of a student will have access to these records upon written request to the board secretary.

The parent or legal guardian will, upon written request to the board secretary, have the opportunity to receive an interpretation of the records, have the right to question the data, and, if a difference of opinion is noted, is permitted to file a letter in the cumulative folder stating the dissenting person's position. If further challenge is made to the record, the normal appeal procedures established by school policy will be followed.

A student, eighteen years or older, has the right to determine who, outside the school system, has access to the records. Parents of students who are 18 years or older but still dependents for income tax purposes may access the student's records without prior permission of the student.

2. School officials having access to student records are defined as having a legitimate educational interest. A school official is a person employed by the school district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school district has contracted to perform a special task (such as an attorney, auditor, AEA employee, medical consultant, or therapist); or a parent or student serving on an official committee, such as disciplinary or grievance committee or student assistance team, or assisting another school official in performing his or her tasks.

B. Release of Information Outside the School

1. To release student records to other school(s) in which the student intends to enroll, the parents, legal guardian, or eligible student must be notified of the transfer and the kinds of information being released unless the school district annually notifies parents that the records will be sent automatically.

USE OF STUDENT RECORDS REGULATION

2. Student records may be released to official education and other government agencies only if allowed by state or federal law.
3. To release student records to other persons or agencies, written consent is given by the parent, legal guardian, or a student of majority age. This consent form will state which records are released, to whom they are released, and the reason for the release. A copy of the specific records being released will be made available to the person signing the release form if requested.
4. Before furnishing student records in compliance with judicial orders or pursuant to any lawfully issued subpoena, the school district will make a reasonable attempt to notify the parents, legal guardian, or eligible student are notified in advance.

Hearing Procedures

1. Upon parental request, the school district will hold a hearing regarding the content of a student's records which the parent believes to be inaccurate, misleading, or in violation of the privacy rights of students.
2. The hearing will be held within a reasonable time after receipt of the parent or eligible student's request. The parent or eligible student will receive reasonable advance notice of date, time and place of the hearing.
3. The hearing officer may be an employee of the school district so long as the employee does not have a direct interest in the outcome of the hearing.
4. The parents or eligible student will be given a full and fair opportunity to present evidence relevant to the issues. The parent or eligible student may be represented by an individual at their choice at their own expense.
5. The hearing officer will render a written decision within a reasonable period after the hearing. The decision will be based upon evidence presented at the hearing and must include a summary of the evidence and the reasons for the decision.
6. The parents may appeal the hearing officers decision to the superintendent within ____ days if the superintendent does not have a direct interest in the outcome of the hearing.
7. The parents may appeal the superintendent's decision, or the hearing officers decision if the superintendent was unable to hear the appeal, to the board within 10 days. It is within the discretion of the board to hear the appeal.

ANNUAL NOTICE

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

- (1) The right to inspect and review the student's education records within 45 days of the day the district receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal (or appropriate school official) will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading or in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask school district to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist, a or a parent or student serving on an official committee, such as a disciplinary or grievance committee or student assistance team, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. (Note: FERPA requires a school district to make a reasonable attempt to notify the parent or eligible student of the records request unless it states in its annual notification that it intends to forward records on request.)]

ANNUAL NOTICE

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office, U.S. Department of Education,
400 Maryland Ave., SW, Washington, DC, 20202-4605.

NOTE: If the board decides to eliminate name, address or telephone listing from their directory information, military recruiters and postsecondary institutions still have the right, under federal law, to access the three items. If the board eliminates name, address or telephone listing, the district needs to give parents a second notice allowing them to withhold this information from military recruiters or postsecondary institutions.
