

Use your phone to look up the longest medical term you can find (with a definition).

- On a piece of notebook paper write the term on the 3rd line of your paper large enough to go from vertical line to vertical line
- Below the term write the definition of the term.

When
you are
finished
please
dock
your
phone

**** This is an assignment and will be turned in later in class. Longest term gets a prize.**

- For each of the word parts in your ch 1 vocab list write 2 medical terms/words. Define each.
