

Medical Assisting

Technical Certificate = 45 credit hours
Associate of Applied Science = 60 credit hours

The Medical Assisting program at offers exciting, hands-on learning from experienced, credentialed faculty. Students will learn in a variety of settings, including a computer lab, phlebotomy lab, laboratory skills lab, and clinical skills lab with two fully functioning patient exam rooms.

This training prepares students to sit for the Certified Medical Assistant Certification exam through the American Association of Medical Assistants, which is becoming a credential requirement for most employers.

Students need to plan ahead as this program has pre-requisite courses that are required prior to completing the one-year program as a senior.

\$37,755
