That's better! Thought Dave, And I want that a lot
 of a little more, a whole lot, a whole lot more!
 He he wanted a goodbye, and he tried to breathe again,
 but all that came out was a heavy load of love.

It was a good thing that he had thought to say
 that a whole lot more of love, a whole lot more
 love for the world and it made you something
 that you couldn't see anything was wrong.
