

ART OF THE MEXICAN REVOLUTION

Tierra y Libertad

ART IS A PRIMARY SOURCE THAT TELLS A STORY.

- ⦿ These pieces of art depict Mexican life and their revolution.
- ⦿ What I want you to do is arrange these slides into a logical order (Mexico pre-revolution, Mexico during the revolution, and Mexico after the revolution).
- ⦿ In addition to this, I'd like you to provide a caption for these paintings on what you think is transpiring.
- ⦿ I will tell you the story traditionally, but art can tell a tale as well.
