Michael Engelhard - HSA/9th Grade Counselor	

MISSION STATEMENT

To prepare students for informed decision-making, effective citizenships, personal achievements, higher education, and rewarding careers systems

Monroe High School

John D. Hodges founded the first Monroe High School in 1875. It was a private co-educational school located on Lancaster Avenue. It was somewhat revolutionary in that it was co-educational. Around the turn of the century, this building burned down. The Monroe City Schools were originally chartered by the N.C. State Legislature on February 25, 1897. In 1900 the City of Monroe built a new two-story structure that was later to be known as John D. Hodges School. Monroe was conducted at this location until 1914 when it was moved into the old county home property on Lancaster Avenue where Walter Bickett is presently located. This time period was referred to as "the poor house era" of the Monroe High School.

College Preparatory Environment:

All students are assigned the Future Ready course of study.

DIPLOMA REQUIREMENTS: Students must graduate with a minimum of 28 Carnegie credit units.

SCHEDULE: The Monroe curriculum is offered on a 4x4 block schedule for all courses. All students receive daily instruction in four 90-minute classes, earning a maximum of one credit per course.

GRADING SCALE: Union County Public Schools requires the following grading scale/point values. Additional quality points are given for a passing grade (60-100) for specific courses based on the course's academic level.

Health Science Academy

Union County Public Schools offers students the opportunity to explore and engage in the high-demanding and fast-growing healthcare industry. The Career and Technical Education (CTE)

pathways at Monroe High School offer many ways for students to learn about health sciences in the healthcare industry. Health sciences encompass a wide range of fields, from nursing and emergency services to pharmacy and nutrition. Atrium Health provides healthcare specialists who are dedicated to each level of the Academy. The Academy also provides a variety of experiences and opportunities in the healthcare field. The Academy offers the following pathways:

Doctor/Pre-Med	Emergency Medical Technician (EMT) / Paramedic	Exercise Science	Medical Assisting
Medical Sonography	Nursing	Pharmacy
