

Michael Thompson Advanced Biology

Distance learning plan 3/17/20-4/3/20

- All assignments will be posted on Google Classroom.

Class code
ojzp7t3

- A non-technology based assignment set was provided for all those who desired on 3/16/20

Assignments are typically provided on Sunday for the week.

Assignments will come from online resources, Gizmo Software, Online Video Presentations, Web Based Lectures, and the textbook.

Assignments are to be completed by the following Sunday after they are assigned.

All students were asked to bring their books home during this time away from school. If your student prefers or failed to bring home their text, we have an online version of the text.

- Access to your online textbook- *my.hrw.com*
 - *The Login information for everyone can be found at this link*

- I am available to answer questions as they arise. Although I can not be in front of my computer all of the time I have been known to answer questions and address concerns outside of the school day hours. Please be patient as I anticipate 100's of emails daily.
- I would also request patience during this trying and experimental time as I promise to offer patience with the students as well. As I have told the students, the most important thing is that they are continuing to advance themselves as students, while taking care of themselves and their families. Be Safe and I hope to see you soon.
