

Middle School Criteria for Seated High School Courses

- Enrollment will be open to students in 8th grade ONLY.
- Eighth grade students may qualify for enrollment if they have achieved a **Level 4 or 5** in the same content area for the high school course(s) on the EOG in **sixth*** grade, or are enrolled in the Project Challenge program.
- Student must have also maintained an A average in the same content area as the high school course(s) in the seventh grade to enroll in seated high school courses.
- Grades for middle school courses will be documented as a high school credit on the student's transcript. Course credits do not count towards the student's high school grade point average (GPA).
- Students are required to take any state exams associated with high school courses.
- Middle school students must have a completed recommendation form from a teacher in the same content area in which they are seeking to enroll in seated high school course.
- Course offerings are subject to scheduling and personnel availability.
- Effective 2018-19, the new legislation regarding advanced math courses supersedes the above criteria, when applicable.
