

Name : _____ Period : _____ Date: _____

Molecular Geometry Lab

_____ Molecule: _____

Lewis Structure: _____

Model _____

Drawing must show dipoles

Shape: _____

Polarity of molecule: _____

Bond angle(s): _____

Hybridization of central atom: _____

_____ Molecule: _____

Lewis Structure: _____

Model _____

Drawing must show dipoles

Shape: _____

Polarity of molecule: _____

Bond angle(s): _____

Hybridization of central atom: _____

_____ Molecule: _____

Lewis Structure: _____

Model _____

Drawing must show dipoles

Shape: _____

Polarity of molecule: _____

Bond angle(s): _____

Hybridization of central atom: _____

_____ Molecule: _____

Lewis Structure: _____

Model _____

Drawing must show dipoles

Shape: _____

Polarity of molecule: _____

Bond angle(s): _____

Hybridization of central atom: _____
