Corey Comet Health and Wellness Tips

Sleep is important for EVERYTHING! Adults require 7-9 hours of sleep to function properly. Try a few of these tools to help you have a better night's sleep:

- Turn off your devices/TVs. The light from blue screens disrupts your circadian rhythm.
- Create a bedtime ritual.
- Stretch your body and do deep breathing to help you unwind.
- Put your troubles aside and drift away. Keep a piece of paper next to your bed and write down any worries of the day before putting your head down to sleep.

Sleep well, Blue Comets....ZzzZzz

AHS Girl Scouts Earn Gold Awards

Three students from Asheboro High School have earned the Girl Scouts highest honor, the Gold Award. Courtney McKaughn (senior), Kayla Surratt (senior), and Ashley Vuncannon (junior) used their exemplary accomplishments in leadership and community service to implement and complete a project to benefit our community. The Gold Award recognizes outstanding accomplishments in community service, leadership development, and career exploration and growth.

Summer Teacher Internship Application

The Teacher Internship Program allows 6-12 teachers to experience the opportunity to learn more about the needs of our local business and industries by spending one week as a “temporary” employee during the summer. After spending one week this summer and learning the skills and education needed for employment, teachers are asked to design a lesson for their students based upon that experience. They are then required to set-up opportunities for their students to either visit the site of the teacher internship or request a speaker to talk with their class. These teachers are then more in tune with the demands of an ever-changing workforce and can share the specific needs of the workforce with their students. As a bonus, teachers who participate earn a \$500 stipend! Wouldn't YOU like to experience one of these GREAT opportunities?
