

# Create a Book Trailer!

**Click on the above image to see some samples!!!**

- Use the graphic organizer provided to plan your book trailer. You can fill out a hard copy, or use the [Kami extension](#) to fill it out digitally.
- You may create the trailer using any of tools linked in the table below. If you know another tool that you would like to use, just touch base with me first!
- Be creative! If you would like to use your voice to narrate the trailer, I have microphones you can use with your Chromebook (you can do voiceover in We Video.) Make sure you have a script written out to follow if you are going to do this!

**More resources for ideas and tools!!**
