My Timeline Template

2nd Grade Social Studies
History Heroes 1

When does history
begin?

Directions: Use the template below to make a timeline of your own life, or you can use a biography to make a timeline about another person's life. Try to pick the 6-8 most important events to include in your timeline.

The timeline template consists of a central horizontal line with arrows at both ends. Eight small circles are placed along this line. Four decorative, cloud-like shapes are attached to the first, third, fifth, and seventh circles from the left, pointing upwards. Another four similar shapes are attached to the second, fourth, sixth, and eighth circles, pointing downwards. All shapes are empty for writing.
