# My Vacation Island

2<sup>nd</sup> Grade Social Studies  
Geography Genius 3

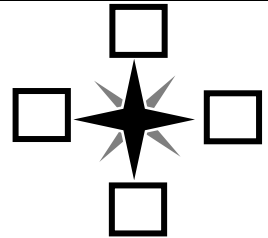

Why are houses made of different materials?

Directions: Use the blank map below to create your own vacation island. Include any man-made and physical features that you would want for your perfect vacation! Don't forget to label the names of your island's features and to fill out the Compass Rose and Map Key.

Then count up the number of man-made features and physical features you included.
