

Dear <first name> <last name>,

We hope your child's musical experience this year has been rewarding, educational and fun!
Now that the end of the school year is approaching you have some great options.

If your child will be continuing their musical education next fall, most teachers recommend keeping the instrument over the summer. Even occasional playing between vacation and other summer activities will prevent students from falling behind once lessons resume next school year. Many schools have summer enrichment opportunities to make music a part of the summer fun or you may want to investigate lessons at your local EasyRent dealer.
Do not return your instrument if you plan to rent next fall as all earned rental credit will be forfeited.

OPTION 1 – CONTINUE TO RENT

Your rental agreement will continue on monthly billing of <\$XX> per month unless the instrument is returned. If you signed up for EasyPay, monthly rental fees are being conveniently charged to your credit card. You may rent as long as you like and all rental payments, including your initial trial rental payment apply to purchase. Your current earned rental credit is <\$XX>.

OPTION 2 – PURCHASE YOUR INSTRUMENT

Use your rental credit and reward your student musician with the purchase of an instrument now and receive a substantial discount.

Your current instrument may be purchased for <XXXXXX> which includes <XXXX> in rental credit and a special early purchase discount [CLICK HERE](#) to take advantage of this special offer.

Want to buy a different instrument?
Apply your rental credit towards the purchase of one of thousands of new and used instruments for beginning or advancing students. Let us help you make the perfect choice for your child and your budget. Call 800.526.4593 to speak to a product specialist or [CLICK HERE](#) to contact us.

Music can be an enriching life long journey of discovery... don't interrupt it by returning your instrument.
