

Newark, New Jersey 07103

We are from New Jersey, which is called “The Garden State”. Our capital is Trenton, and we are in the Eastern Time Zone. We are located in the Northeastern United States. Our average temperature on January 1st is 39°F. We have a beautiful coastline that meets the [Atlantic Ocean](#). We call it, “Going Down the Shore”, no matter where in Jersey we are from! We also have mountains, rivers, and bays that surround Newark. We also have our own airport, which makes it easy to travel around the country. We love to play football, play video games, and go to fun places when Covid wasn’t here. New Jersey is known for having a lot of malls and diners. Shaquille O’Neal was born in Newark. Being New York’s neighbor, we get to be close to our favorite sports teams, but we have one of our very own...[The New Jersey Devils](#)! Our school is pretty awesome! We have interesting specials like Drama and [EcoSpaces](#) ([gardening](#) and [cooking](#)). Hope you liked learning about our city!
