Greenville Middle School

Rhonda Schaar, Principal GMS 5/6

Principal's Ponderings:

The first nine weeks has drawn to an end and it's difficult to believe our year with your child is 1/4 over. As we watch the season change from summer to fall it's easy to see the growth and change in our students as well. Our plan is to meet your child where they are academically and set goals with them to guarantee the growth needed.

Thanks to those of you who attended P-T conferences. The largest determining factor in the success of your child is YOU and for our part the instruction we provide. So working together doubly ensures that your child has the best learning situation available to make sure he/she has the advantages needed in life. Please continue to visit, ask questions, and communicate with us often. We are your partner in educating your child; after all you were his/her first teacher and we thank you!

Rhonda Schaar

WAVE EXPECTATIONS:

We are positive about Good Behavior!

We are on the lookout for appropriate behavior at GMS and want a chance to acknowledge it!!! Ask your child what it takes to be a hero and what are the WAVE Expectations! Thanks for your help and support in guiding our children with positive character traits.

Please don't hesitate to call or email your child's teacher with any questions or concerns about grades, assignments, upcoming projects...Communication and working together is how we can make sure your child meets his/her top potential!!

CHARACTER COUNTS AT SOUTH MS!!

More Important News

Attendance

Please call the office at 548-3525 and let Kathy know if your child will be absent. There will be incentives worked into the second nine weeks for students who attend all week. Daily attendance is mandatory through the state law. It is your responsibility to let us know where your child is.

- **Benefits of daily attendance!!!**

- **Being part of the school community:** Just by being present at school, your child is learning how to be a good citizen by participating in the school community, learning valuable social skills, and developing a broader world view.

BULLYING

EPIDEMIC

Make Every Day Bullying Prevention Day

We've all heard about **bullies**, **targets** and **bystanders**. Bullies hurt targets and bystanders let it happen. But there's a fourth group we should consider as we think about our kids and the people around them: the **upstanders**.

An **upstander** is "a person who defends or stands up for a cause or a belief" according to the Collins dictionary. In contrast to a bystander, who is passive and does nothing to help when someone is being bullied, an upstander defends those who are being mistreated

PTA News

We continue to invite all staff members, parents, grandparents and guardians to join our PTA for the 2014-15 school year. Please contact Mark Abell for a membership form and to turn in your \$5 membership fee. PTA meetings are held the 1st Tues every month and we welcome all to attend. Our first meeting is November's meeting will be at the JH and December's meeting will be at the South building. Starting Feb 1 we will meet at the new facility in the media center.

Remember the Tumbler pick up from the PTA fundraiser will be on December 5th after school.

GGG

Greenville Goal Getters Fall continues through Nov. The students will develop sound habits of exercise, recreation as well as physical fitness goal setting. The students will enjoy activities at the Middle School, Junior High and Softball Academy. Danesa Borgerding is once again providing leadership for this valuable opportunity for students.

Greenville City School District

ANNUAL NOTICE

ASBESTOS MANAGEMENT PROGRAM

An October 22, 1986, President Reagan signed the Asbestos Hazard Emergency Response Act (AHERA, Public Law 99-519). The act required the Environmental Protection Agency (EPA) to develop regulations for addressing asbestos in public and private elementary and secondary schools. On October 30, 1987, the EPA published the Asbestos-Containing Materials in Schools Rule (40 CFR Part 763 Subpart E). This rule stipulated, and our district has complied with, the following key requirements:

- Identification of asbestos-containing materials in all school buildings.
- Development and implementation of asbestos management plans for each school.
- Regular surveillance and reinspections of the condition of asbestos in the buildings.
- Designation and training of a person to oversee asbestos activities within the district and to ensure compliance with the regulations.

This memorandum is to advise you that asbestos management plans for the district schools were developed following the EPA ruling and subsequently approved by the State of Ohio, Department of Health. These plans are regularly updated and are available for you to review.

Should you have any questions regarding this program or would like to review an asbestos management plan, please contact the Board of Education offices during normal business hours.
