ANDERSON'S ANECDOTES

Chinese Language Summer Options

Along with Rosetta Stone, there are many summer options for students to practice their Mandarin skills. Yifeng Gao, our Chinese instructor, has put together a list of summer options, as well as some Youtube links. To find this great resource, simply visit the Stafford website, click on "Programs" and then "Chinese Language."

Last Week of Library

One of the most difficult parts of my job is telling students they can't check out books this year anymore. To help dry those tears, we are offering popsicles to classrooms who bring in all their library books. The challenge is simple; once all students bring in all their books on their account, the classroom total will be zero. Once this is accomplished, students will get popsicles. Of course throughout the year books will become lost. That's okay! As long as the student or parent/guardian contacts me at andersop@wlww.k12.or.us, and lets me know that the book is lost, I will take it off their account. Good luck!

OBOB 2016

The official list is here! Please go to <http://oboblsta.pbworks.com/w/page/5653620/FrontPage> or simply Google OBOB and click on the first result to find the 2016 list. This is a great option for some summer reading. Our library already has all the books ordered for next year.

Makerspace Donations

We are planning on starting some makerspace labs here at Stafford. If you are not familiar with makerspaces, they are areas designated for building and creating. Two of our makerspaces are going to use Legos and K'nex pieces. If you have old Lego or K'nex pieces that you would be willing to donate to the program, we would greatly appreciate it! These simple materials will help us start two new spaces for students to collaborate and create. Please contact Phil Anderson at andersop@wlww.k12.or.us if you have any questions.

MARKET PLACE A HUGE SUCCESS!

Our Fifth Annual Stafford Market Place was stocked with fun products that children made. The market place was filled with joyous noise of transactions and bartering. Thanks to all who donated items and gave suggestions to their student to make this day such a success!

Counseling Corner

I am deeply proud of the Student Council Community Service Group for their fundraising efforts to benefit Make-A-Wish, Oregon. I would like to acknowledge the hard work and dedication of the following students:

Riley Putnam, Paige Patterson, Sydney Bowen, Anna Olson, Victoria Garcia, Celeste Grannum, Caroline Betty, Alexa Roland, Rowen Moody, Layla McKinney, Ben McClelland, Steven Niu, Chloe Shimamoto, Charley Carlsen, Brooke Rezvani, Kailey Dougherty and Anna Capps.

These fifth graders volunteered their time and energy to make a difference in the lives of local children with life-threatening illnesses. The students met with me on a weekly basis. During our meetings, we learned about Make-A-Wish and how the organization works to make wishes come true for children with life threatening illnesses. Make-a-Wish events manager, Catherine Spellman, came to Stafford to meet with us. We brainstormed ways to raise awareness and money to benefit Make-A-Wish. The students created one-of-a-kind masterpieces of art to sell at the Stafford School Parent Social. Students and parents participated in Make-A-Wish Walk for Wishes in Salem. We raised awareness and funds to benefit Make-A-Wish at the Stafford Striders Fun Run and the Tigers Got Talent Show. We also worked together to collect donations and display Make-A-Wish stars in our school. This has been a meaningful learning and growing experience for our students!

I am deeply grateful to our school community for their care and generosity in supporting such an important cause! My hope is that we are just beginning our partnership with Make-A-Wish, Oregon and that we will have many more opportunities to get involved in the years ahead.

With Gratitude,
Laura Barbour

Read more about Make-A-Wish from Riley Putnam and Tori Garcia!

Make-A-Wish is a local, non-profit organization that helps wishes come true for children with life-threatening illnesses. A wish that is granted is supposed to help the kids have a happy memory to remember while they are in the hospital. We learned that 89% of the wish kids' doctors said that a change in the child's health occurred because of their experience and 99% of parents said that their child was happier. Thanks to Make-A-Wish, kids that have life threatening illnesses have a memory they will never forget.

We were all inspired to get involved with supporting Make-A-Wish for different reasons. Riley got involved because her cousin had a tumor and Make-A-Wish helped her family go to Disneyland. Tori got involved because she likes to help out the community and thought it would be fun to help. Ms. Barbour got involved as a volunteer for Make-A-Wish because her nephew was diagnosed with Leukemia and following his treatment, he was granted a wish to swim with sea turtles in Hawaii. The wish made such a positive impact on her nephew that she has always wanted to give back to Make-A-Wish. We hope to inspire you to get involved in Make-A-Wish!

Fun is the number one goal of our Swim Club!

For youth ages 7 and up, Swim Club introduces the sport of swimming in a fun and competitive atmosphere. Weekly practices emphasize proper stroke technique and drills while building endurance. Swimmers must be able to swim 25 yards of freestyle and 25 yards of backstroke unassisted in order to qualify for the swim club.

*For younger swimmers, a coach will give an assessment at the first practice to determine whether they are ready to train with the team or if they would benefit more from swim lessons.
