

Save at the
In-School
Student Credit Union

We would like you to invite you to be a part of Nextgen – an educational, in-school savings program for students.

At the Nextgen Student Credit Union students can make deposits into their very own Zeal Credit Union savings accounts right at school!

Nextgen is designed specifically for teens and offers them options for managing their money, including savings accounts, checking accounts, and credit cards. Anyone 12-17 years of age automatically becomes a **nextgen member** when he or she opens a regular share account at Zeal Credit Union, with a \$5 minimum deposit. This first \$5 deposit is matched for an extra \$5 reward. A parent, legal guardian, or adult relative with proper identification must be joint on the account.

You can learn more about Zeal Credit Union Nextgen youth accounts by visiting: www.iamnextgen.org
