## Petroleum Technology 2014-15 Scholarship Application

Please choose two of the following questions and answer each question in 500 words or less:

- Can you explain what current activities or future goals you have to be a positive force in your community?
- Briefly describe your career goals, and how will the completion of the petroleum technology program make you successful?
- What values must a good leader and successful employee in the oil and gas industry demonstrate?
- How do you incorporate safety into your daily routine?
