

NON FICTION STRATEGIES

Readers can use many strategies to help understand the meaning behind non fiction texts. Two we have done in class are outlined below:

1. SQ3R: students...

Survey the text

List/discuss any questions they have

Read

Recite

Review

2. FQR: students:

Write a fact

Write a question based on that fact

Respond with own personal connection

*** this can also be used for fiction texts.

Just change the "F" to an "E" for event!
