

The Northern Ohio InfraGard Chapter Cyber Camp

**July 25th through July 29th 2022
9:00am - 4:00pm**

The InfraGard Cyber Camp 3.0 engages student's technical skills and aptitudes for information technology and security. The camp is designed to be a launchpad for students to identify their future career path in Science, Technology, Engineering, Math or Cybersecurity.

Our camp counselors, who are credentialed Cybersecurity experts, are from the FBI, local Community Colleges, local Universities and private industry. The camp counselors will support each student as they

learn cutting edge Cybersecurity skills, and techniques. Each student will be mentored by experts through scenario-based learning processes to develop their critical thinking skills and security awareness.

Specific topics to be covered in Cyber Camp:

- Basic Networking
- Basic Services Operation
- How Systems are Attacked
- How to Defend Systems from Attack
- How to Detect/Remediate Systems after Attacks

Instruction will be done safely using virtual systems in a access controled environment.

In addition, students will hear topics in security from industry experts. and to kick start a student on the stem education path.
