District

The Wentzville School District was the fastest growing district in the state of Missouri for two decades, adding on average more than 500 students each year over the last 20 years. The District currently serves over 17,530 students from a 90 square-mile area who attend grades kindergarten through 12. The District's commitment to quality education is evidenced by the fact that 87% of the District's instructional staff hold advanced degrees, and professional development is constantly emphasized among faculty and staff. The District continues to provide an excellent educational program and always looks toward the future, while ADA spending remains among the lowest in St. Charles County. North Point High School is one of four high schools that currently serve District families.

Community

The Wentzville School District is located in St. Charles County, one of the fastest growing counties in the nation and the fastest growing area in Missouri. The county boasts a good blend of commercial, industrial, and residential growth. It is home to corporate offices and industries such as General Motors (sole producer of GM's full-size van and mid-size truck) and the Mastercard Global Operations Center. The Wentzville School District is geographically located in the western part of the county, 40 miles west of downtown St. Louis and encompasses more than 80,000 residents living in all or parts of Wentzville, Lake St. Louis, Foristell, O'Fallon, and Dardenne Prairie, as well as surrounding rural areas.

Testing

The State of Missouri requires high school students to participate in the Missouri Assessment Program through the End of Course (EOC) exams. Prior to graduation, students must take EOC exams in English II, Algebra I, Biology and Government (if a student took the Algebra I EOC in middle school, they are required to take the Algebra II EOC before graduating). Juniors are recommended to take the ACT test. The PSAT/NMSQT is optional for sophomores and juniors. The ASVAB is optional for sophomores, juniors, and seniors.

ACT Results: The results posted are the MEAN scores for all testers in grades 9-12 in a given school year.
