

Name: _____

Date: _____

- 1 What are some duties of the DCA? (Input all that apply, then push the ENTER button.)
 - A assesses damage
 - B monitors teams to detect radiological attacks
 - C routes casualties to battle dressing stations
 - D none of the above
- 2 If a large fire occurs, what command does the crew follow?
 - A all hands up anchor
 - B general quarters
 - C action starboard
 - D sprawl
- 3 By what criteria are repair parties assigned to areas? (Input all that apply, then push the ENTER button.)
 - A size of the area
 - B emergency level
 - C areas of the ship
 - D total number of people available
 - E all of the above
- 4 Oxygen breathing apparatus, or self-contained breathing apparatus
 - A SCUBA
 - B OBS, SBA
 - C Air mask
 - D OBA, SCBA
- 5 The ship is in basic operation mode when suddenly a series of single gong tones is sounded. What does this mean?
 - A There has been a collision.
 - B There is a CBR attack.
 - C General Quarters or there is a fire.
 - D none of the above

- 6 Because of the extremely lightweight metals in some modern aircraft, if a fire occurs what class would it be?
- A Class C (Charlie)
 - B Class D (Delta)
 - C Class B (Bravo)
 - D Class A (Alpha)
- 7 A spray of fine water particles that dilutes or absorbs various vapors, and wash down fumes and smoke
- A Low velocity fog
 - B Water mist
 - C Low velocity mist
 - D Water fog
- 8 What is a common cause of Class A fires?
- A cooking oils
 - B magnified sunlight
 - C lit cigarettes
 - D none of the above
- 9 Fire boundaries are set in several ways. In what way is the fuel side of the fire triangle removed?
- A Combustible materials in adjoining areas are moved or cooled.
 - B Fire watches are posted in surrounding compartments.
 - C Ventilation systems in the area cut off.
- 10 Put the following events in the correct order.
(Input the answers in the correct sequence, then push the ENTER button.)
- A Dewatering occurs.
 - B Investigators check bulkheads, decks, and vents for heat.
 - C Fire is extinguished or damage is repaired.
 - D Full report is made to DCC.
- 11 The first people to respond to any damage or fire; they follow the smoke trail and determine the extent of the fire
- A Inspectors
 - B Fire Marshall
 - C Investigators

- 12 What method is most often employed to extinguish a fire onboard ship?
 - A Removing the source of the fuel for the fire.
 - B Cooling the fire with lots of water.
 - C Using chemical powders, foam or sand to remove the oxygen.
 - D All of the above
- 13 Which class of fires involve burning electrical or electronic equipment?
 - A Class Alpha
 - B Class Charlie
 - C Class Bravo
 - D Class Delta
 - E None of the above
- 14 A solid stream of water should never be used on what type of fires, since it tends to only scatter the fuel and spread the flames?
 - A Class Delta
 - B Class Alpha
 - C Class Echo
 - D Class Bravo
 - E None of the above
- 15 If a ship sustains a hole in the hull below the waterline and it cannot be plugged, what is the next objective of damage control?
 - A To attempt to send divers over the side to close off the hole.
 - B A hole that cannot be plugged below the waterline is sure to sink the ship.
 - C To establish and maintain flood boundaries.
 - D None of the above
 - E
- 16 What is the purpose of damage control?
 - A To inspect damage which has occurred aboard a vessel
 - B To train all individuals on how to complete required reports
 - C To prevent, contain, or correct damage aboard a ship
 - D To reduce and prevent ship damage

- 17 The Damage Control Assistant (DCA) is responsible for
- A assigning departmental watches.
 - B all aircraft.
 - C training the damage control organization.
- 18 Emergency alarms include
- A general, chemical, and attack alarms.
 - B general, collision, and chemical alarms.
 - C chemical, collision, and enemy attack alarms.
- 19 If all other methods of communication fail, what method could be used to relay orders and information?
- A Messengers
 - B Ship's service telephone
 - C Emergency alarms
- 20 The proximity firefighting suit is a
- A aluminized suit that consists of coveralls, gloves, boots, and eyeglasses.
 - B aluminized suit that consists of boots, hood, coveralls, and gloves.
 - C aluminized suit that consists of coveralls and boots.

Answer Key: NS3-M3U1C2 - Damage Control & Firefighting (Exam)

Question:	Answer
1	ABC
2	B
3	ACD
4	D
5	C
6	B
7	D
8	C
9	A
10	BDCA
11	C
12	B
13	B
14	D
15	C
16	C
17	C
18	B
19	A
20	B
