## **PUT TIME IN THE CAR TO WORK FOR YOUR CHILD**

Time management is a valuable study skill. One way to help your child make use of spare minutes is to make the most of time in the car. For example, you might tape cards with spelling words to the dashboard or the back of the front seats.

If your child practices them each time she's in the car all week, by Friday she will be ready for the spelling test!

## **STAR STUDENT**

### **Bentley McDonald**

While a classmate was out of the room, Bentley cleaned up her desk, put her writing in her folder and put her folder in her desk, all without being asked! Thanks Bentley!

Red Ribbon Week is the nationally recognized anti-drug effort that delivers one of the most important messages students will ever receive: “That boys and girls have a choice to live a drug-free life.” It is important that we remind our boys and girls that staying healthy means staying drug free. We want our students to learn to say “Yes” to a healthy lifestyle and “No” to drugs. Parents, here is a link for ideas on activities as well as talking about Red Ribbon Week with your children

## W.I.C.O.R

**WICOR** is an acronym for strategies used in AVID classrooms. The letters stand for Writing, Inquiry, Collaboration, Organization, and Reading.

In AVID classrooms, students use a variety of writing styles : quick writes; Two/Three Column Notes and summaries; persuasive essays; personal statements; journals; reflections; exit tickets—just to name a few. These activities will prepare students for the types of writing that will be helpful in middle and high school and will help them be successful when they get to college.

**Stay tuned to learning about each letter of W.I.C.O.R in the weeks to come.**
