

On my own, in class today, I...

was late to class

On my own, in class today, I...

got materials promptly

On my own, in class today, I...

began work promptly

On my own, in class today, I...

resisted distractions

On my own, in class today, I...

stayed on task

On my own, in class today, I...

had trouble paying
attention

On my own, in class today, I...

**completed assignments
on time**

On my own, in class today, I...

knew how to start
assignments

On my own, in class today, I...

missed assignments

On my own, in class today, I...

kept my notebook neat

On my own, in class today, I...

had needed materials

On my own, in class today, I...

kept my workspace neat

On my own, in class today, I...

finished my work on time

On my own, in class today, I...

daydreamed

On my own, in class today, I...

arrived to class on time

On my own, in class today, I...

**transitioned between
activities**

On my own, in class today, I...

**accepted any changes
to routine**

On my own, in class today, I...

liked different ways
of doing things

On my own, in class today, I...

**responded appropriately
to the teacher**

On my own, in class today, I...

became angry

On my own, in class today, I...

was positive in class

On my own, in class today, I...

used my phone when
I shouldn't have

On my own, in class today, I...

was impulsive

On my own, in class today, I...

resisted the urge
to interrupt others

On my own, in class today, I...

remembered directions

On my own, in class today, I...

got lost while reading
or doing a problem

On my own, in class today, I...

**was able to organize
information**

On my own, in class today, I...

recognized when
I was stuck

On my own, in class today, I...

**was aware of what I was
thinking**

On my own, in class today, I...

checked to make sure my
answers made sense

On my own, in class today, I...

quit too soon

On my own, in class today, I...

**worked until assignments
completed**

On my own, in class today, I...

**waited for the second
marshmallow**
