Register for *FASTER CHECK-IN* at Gleaners Free Food Distributions

Save time and ensure social distancing by registering your household online. Once you register, you won't have to register again each time you come.

No appointment is needed to attend the Gleaners Free Food Distributions (see a list of dates and locations here: **www.gcfb.org/mobiles**).

Registration simply helps us serve you better, using an online system called Link2Feed. We ask for basic household information such as names and address. We ask other questions too that are optional to answer.

Already have a Client Service Card? You're all set!

Don't have a Client Service Card? Follow these easy steps:

1. Register at **foodbankhelp.link2feed.com** or use your phone's camera to scan the QR code.

2. Answer basic questions about you and your household to receive a Client ID number.

3. Save your Client ID number (write it down, take a screenshot or print a copy).

4. Share your Client ID number at a Gleaners Free Food Distribution for quicker check-in.

5. Remember - no appointment needed. Dates and locations for free food distributions are here: **www.gcfb.org/mobiles**
