Notice Regarding Primary Care Provider (PCP) or Ob/Gyn Provider Selection*

HealthTrust Access Blue New England (HMO), HMO Blue New England (HMO), and BlueChoice (POS) plans generally require the designation of a PCP. You have the right to designate any PCP who is available to accept you or your family members. For BlueChoice plans, you may select from any PCP who participates in the New Hampshire BlueChoice network. For Access Blue or HMO Blue New England plans, you may select from any PCP who participates in the Access Blue or HMO Blue New England network throughout the six New England states. For children, you may designate a pediatrician as the PCP. You do not need prior authorization from HealthTrust or Anthem or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a healthcare professional in the Anthem network who specializes in obstetrics or gynecology. The healthcare professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For information on how to select a PCP, and for a list of the participating PCPs and/or healthcare professionals who specialize in obstetrics and/or gynecology, contact Anthem Member Services at the number on the back of your ID card.

*Note: Medicomp plans do not require the selection of a Primary Care Provider or Ob/Gyn Provider.
