

Shark Tank Presentation Page

Use the Google Slide document to complete a presentation slide for your Shark Tank project. This presentation slide should be visually appealing and a guide for your talking points to the Shark judges.

The presentation at minimum should include the following:

1. Name of product
2. Why the judges should invest
3. Cost of product
4. Cost to make product
5. Request for investment (how much money you are wanting from the investors and what you will give to them in return)
